My name is Jessica kramer. I live in Carlsbad. I have lived in oceanside and vista as well. I am writing in to ask that you keep the cities of the 78 corridor together as one district. I am a dedicated Disability Rights and Homeless Advocate and am proud of our county leaders for making efforts towards integrating those who live with Disabilities (esp those with mental health challenges) and those experiencing or at risk of homelessness into the general community. This is in alignment with the Olmstead Decision of the Supreme Court. The Regional approach to these issues, among many other important issues shared among our 78 corridor cities, has been one of working together. We don't share these issues equally with Del Mar and Solana beach, and we don't have collaborations already in the works with those Citues to address these most important concerns. Separating Carlsbad from the district will make it that much more difficult to address our most pressing concerns of Equity and inclusion, homeless solutions, domestic violence programs, shelters for women and families, and more - here in Carlsbad, and it's meighboring cities along the 78 corridor. Aligning Carlsbad with its southern cities damage the many collaborative efforts already underway. Please keep the 78 corridor Cities connected so that we can continue to bring safety and dignity to our most vulnerable community members. Thank you.
