For years, County politicians merged coastal North County with rural East County into a district that did not serve either community's needs. This independent commission can fix that by drawing district lines that serve the people. I support that District 5 unite Oceanside, Carlsbad, San Marcos, Vista and Escondido along the 78 corridor. These five cities are part of the same economic system, including jobs, schools, healthcare and housing, and also share challenging issues such as transportation, transit and environmental concerns, among others. These cities comprise part of the North County and should stay together in District 5.
