Commissioners,

I am submitting this supplement to my testimony given to the Commission at its Pre-planning meeting of September 2, 2021 by letter and Zoom.

I ask that the contents of this email, along with the attached file from the SD County Clerk of the Board (COB) archives be added to the public record and distributed to Commission members. The attached file consists of official County documents relating to actions of the SD County Board of Supervisors (BOS) at a series of meetings held in July, 2001 for redistricting Supervisorial District boundaries following the 2000 Census. The series of meetings culminated in the adoption of Supervisorial District boundaries changes on July 31, 2001. Of concern is the gerrymandering of District 3, which I wrote about in my letter to the Commission and spoke about by Zoom at the meeting.

Following is a chronology and summary of the documents contained in the attached records, beginning with the February 13, 2001 meeting of the SD County Redistricting Advisory Committee, and ending with the BOS adoption of Ordinance 9365 on July 31, 2001 establishing new boundaries of the five districts.

The page numbers below refer to the page numbers of the attached PDF file, which appear in reverse chronological order from last to first. In order to provide a sense of the sequence of events, I have described the documents in the order in which the meeting events actually occurred; that is, from the earliest documents first to the final documents last. The pertinent documents are grouped by the underlined page numbers, according to the specific meeting to which they apply.

Dear Board Members:

Those of us in the voting public find it difficult to understand the position of four Supervisors who support the proposed realignment of supervisory districts. The change is obviously made to benefit one Supervisor and has nothing to do with equitable representation or recognition of areas which have common interests.

The electorate remembers actions such as this. I urge you to adopt a plan which has been for responsibly designed for the benefit of the electorate.

Sincerely,

George T. Edmiston

Shame on the Board of Supervisors. Escondido is an inland valley and has more to do with the 78 corridor community of interests than it does with La Jolla and other beach communities. I hope all incumbents are ousted the next time they come up for reelection.

Subject: RE: We are opposed to Bill Horn's redistricting plan. We wish Harmony Grove and Elfin Forest to be placed in Pam Slater's district.

An ominous thing occurred at the County Board of Supervisors Meeting 7-10. Supervisor Bill Horn's proposal to grab Harmony Grove, Eden Valley, Elfin Forest, Rancho Santa Fe, and beyond into the Rancho Santa Fe Valley went unopposed with the exception of a very devastated Pam Slater. Supervisors Roberts, Cox, and Jacob sided with Horn in handing us over to Horn. This in spite of scores of citizens who spoke in opposition of the plan. Horn called in many favors by having businessmen, developers, and fast growth friendly politicians like Carlsbad Mayor Bud Lewis speak in favor of the plan. They, however, were outnumbered almost three to one by those opposed to Horn's land grab. Horn's motion, seconded by Roberts, went to vote late in the afternoon and was approved as the final map that will be voted on 7-17.

The arrogance that was on display was frightening. It does not bode well for our communities if this comes to pass.

Subject: We are opposed to Bill Horn's redistricting plan. We wish Harmony Grove and Elfin Forest to be placed in Pam Slater's district.

Dear Honorable Dianne Jacob,

I'm writing to you as you are my county supervisor.

While we reside in Poway, your district, we own 5 acres in Harmony Grove. We would like to express our extreme opposition to Bill Horn's proposed redistricting map for several reasons:

1. Elfin Forest and Harmony Grove are precious jewels in the county consisting of vast amounts of open space. This area is home to many threatened and endangered species. One only need visit the Elfin Forest

Preserve to enjoy the vast open space. We both sit on the board of the Harmony Grove Eden Valley Citizens Group, and as such we are in tune with what the residents of HG & EV want. Recently our group has asked to be removed from Escondido's sphere of influence. This is being studied by the LAFCO board, which you serve on. Supervisor Horn likes to allow large housing developments to proceed on a rapid scale and pace. Supervisor Horn doesn't appear to be concerned with preserving rural areas or considering traffic impacts before approving many projects.

2. I believe Supervisor Horn wouldn't hesitate to approve SC1375 and make Country Club Dr. a four lane high speed heavy traffic road connecting 78 to 15. Supervisor Slater would not approve such a road that serves only to allow freeway traffic to pour through the Harmony Grove and the Via Rancho Parkway corridor and is so completely unwanted by the local residents!

3. Let's preserve the few open rural areas around San Diego Country that we have left! Stop Casinos near Jamul and preserve Harmony Grove and Elfin Forest as rural areas!

4. Geographically, it makes more sense for Harmony Grove and Eden Valley and Elfin Forest to be in Pam's district under one supervisor as these three communities' interests are quite similar.

Please help us do the right thing by voting down Supervisor Horn's proposal!

Thank you

- Stephen Witte

Dear Board Members:

Those of us in the voting public find it difficult to understand the position of four Supervisors who support the proposed realignment of supervisory districts. The change is obviously made to benefit one Supervisor and has nothing to do with equitable representation or recognition of areas which have common interests.

The electorate remembers actions such as this. I urge you to adopt a plan which has been for responsibly designed for the benefit of the electorate.

Gentlemen,

I am Una Marie Pierce, and have lived in San Diego County since 1961 and am a native of Southern California. I recently retired from the Cajon Valley School District and since I plan to live out my life here, I am very concerned about San Diego's future.

Thoughtful residents feel that district boundaries must follow several principles and statutory Criteria and Guidelines. The proposal put forth by Mr. Horn violates these Criteria and Guidelines through gerrymandering and diluting voting strength. District boundaries must produce compact, contiguous and cohesive geographic units while communities of interest must be well represented.

I sincerely hope that you will reverse your preliminary action on Tuesday, July 17th. I will not be able to attend since I deliver Meals on Wheels on Tuesdays and people are counting on me. I hope you will follow redistricting guidelines against gerrymandering by choosing one of the Advisory Committee maps.

Yours in great concern,

I offer you support and the belief that we will remain in touch. I know that you will always be a strong proponent of our efforts in the San Dieguito Valley and I hope that Tuesday will render this ridiculous change of events an immediate and abrupt halt and that good logic and reason will prevail.

However, if it does not, maybe by ending up with Escondido, you may be able to help the citizens of Harmony Grove from being gobbled up by the Escondido dragon!!

I'm still struggling with some definitions of purpose so really would like to see you to discuss.

Honorable Chair and Members of the Board:

My wife is a horse breeder and I have been a consultant to many San Diego Companies for more that 10 years. We believe our commitment to San Diego County to be strong. We live in the back country. Keeping in line with community level generated plans for the future is important if we are to have a county that's future is all about what we the tax payers want it to be. We do not see any benefit from the arguments we've heard that give good reason to break up districts to satisfy Mr. Horn request. We do see that his plan ignores what is in the General Plan.

District boundaries must follow several principles and statutory Criteria and Guidelines. The Horn proposal violates these Criteria and Guidelines.

Communities of interest must be well-represented. For example, coastal cities concerned about water quality and common transportation corridors should not be fragmented. Urban interests should not dilute rural interests.

District boundaries must produce a compact, contiguous, and cohesive geographic units. A district merging Solana Beach with Escondido is exactly the opposite! By gerrymandering and diluting voting strength, the Horn redistricting proposal violates the statutory Criteria and Guidelines.

Please firmly reject the Horn proposal.

The Honorable Supervisors
San Diego County Board of Supervisors
1600 Pacific Hwy
San Diego, CA 92101

Dear Supervisors:

The San Dieguito valley is one of the County's very pristine assets that make San Diego such an attractive place to both visit and live. The people in the communities of this valley work hard to retain the rural ambiance and preserve its natural resources. Much of our efforts have been successful because of the support of Supervisor Slater, who truly understands the desires of the residents of San Dieguito valley. She has been re-elected by them because she supports and accomplishes the goals set by the people who live here. Our vote to elect Supervisor Slater shows the confidence by the people that our interests are properly represented at the Board of Supervisor level.

The Proposed re-districting of our valley, moving it out of the coastal District 3 to Bill Horn's District 5 is a travesty to the election process. Supervisor Horn has shown little interest in our issues and goals. The concerns and fears of annexation by an aggressive Escondido and their proposed industrial development in the Harmony Grove community has had little attention by this supervisor. One of the most exciting projects that has extensive support by the residents of San Dieguito valley is the San Dieguito River Park - another project receiving little positive attention and support by this supervisor.

As a 10-year member and officer of the San Dieguito Planning Group, I have had many conversations with residents throughout our area and feel I can readily represent the desires of the majority of people in these communities to plead with you to NOT support Supervisor Horn's proposed re-districting map of districts 3 & 5. It is NOT in the best interests of San Dieguito Valley nor is it logical to segregate it from the coastal communities of District 3.

The proposed mapping by the advisory committee maintains the arms-length, non-partisan decision that should be adopted. The obvious manipulation of this process that is currently supported by the majority of The Board does not bode well for the reputation of the supporters. The citizens and the media see the intent of Supervisor Horn clearly and it leaves us asking, "how can our good elected officials ethically justify this??! What carrot has he offered them?" PLEASE VOTE AGAINST THIS PROPOSAL. Do not disappoint your constituents by unethical behavior.

Sincerely,

Lois A. Jones

Ms. Slater,

While I am a constituent of Mr. Jacobs, I am sickened by the deals made behind closed doors to settle district boundaries. When the public is requested to freely give of their time and provide choices, and options, then the end product should reflect their efforts. Mr. Horn especially, and Jacobs, Cox, Roberts also, display the conduct that sickens voters. I have promised all of them that I will support any efforts to bring this information back in front of the voters at the next election. Barry

Pam,

I am a registered voter in San Diego county and I am very upset by what your peers did recently regarding the redistricting. I think they all need to be replaced. That is just not right and I feel that if they think they can just ignore the voters, they have another thing coming. I was wondering if you could help me. I am not sure how to go about having them recalled. Do I need to start a petition? How do I do that? Could you help? I DO NOT want these people as my supervisors. I mean if they pulled a dirty trick like that, who knows what they might do. It is very obvious to me that Bill Horn is only after all those rich republicans in RSF. I hate to say it, but he even looks like a greedy pig. Please respond and let me know what I can do.

Subject: Attn: Sachiko Kohatsu RE: Redistricting

Sachiko - we have met when MERIT discussed with Supervisor Slater land use issues in the Back Country and more specifically Saint Vincent de Paul's proposal for PromiseLand Ranch. I also presented my views on redistricting at the Tuesday meeting.

Let me say that I am so upset by the action of the Board that two days later I still feel sick about what happened. I simply could not believe what I saw take place. Speaker after speaker made the same point - Alternative 13 is the best choice. There must have been 20 different points all reasoned and logical and intelligently presented that made it clear to the world what was right. The dismissal of the Redistricting Committee's work was simply astounding. From the very first when Supervisor Horn preempted everyone and made his presentation and challenged everyone that it was going to be his way I should have realized that the deal was done before the meeting ever started. That is what upsets me the most and puts a great sadness in my heart. I can only imagine how Supervisor Slater must feel. With the members of MERIT I am participating in the democratic and political process to influence and affect the future of the County. We had great hope that this process was amenable to reason and logic and the will of the people. Our hopes have been dashed by a political action that is chilling. We wonder if we should even consider moving on after what we saw. Why did the Board even have the meeting when the decision was already made and the will of the public was going to be ignored.

If there is anything that I can do to help in this matter please do not hesitate to ask me and the members of our group. We will do what we can. Your communication will be confidential or you could communicate through Courtney. I will send the paragraph above to Darren Gretler because I want him to know how we feel. This paragraph will remain confidential.

Please express to Supervisor Slater my support of Alternative Map 13 (I also liked Map 12) and express my sympathy for the way she was treated in this proceeding. It is easy to understand why the public is both cynical and apathetic about politics.

For your information this will be brought up at the joint Interest Group/Steering Committee meeting on Saturday morning. I plan to say something when the public has an opportunity to speak and I know Dutch van Dierendonck from Ramona plans to say something also. I just want you to be aware that this will happen.

TO: Interested County Residents

REDISTRICTING OF COUNTY SUPERVISORIAL DISTRICTS

On behalf of the San Diego County Board of Supervisors, you are invited to participate in a series of public meetings to be conducted by the San Diego County Redistricting Advisory Committee on the subject of redistricting the County's five supervisorial districts.

After the Federal Census every ten years, the County Board of Supervisors is required, if necessary, to adjust the County supervisorial districts so that they are as equal in population as possible. The boundaries to be drawn in this year's redistricting will determine which of the five County supervisorial districts you will vote in beginning with the March, 2002, primary election and continuing to the year 2011.

The County Board of Supervisors has directed that there be opportunity for broad community participation in the redistricting process. To provide for this input by interested individuals and groups, the Redistricting Advisory Committee will be holding five community meetings, one in each supervisorial district, and six additional meetings to be held at the County Administration Center. The first will be held on February 16, 2001, 2:00 p.m. to 4:00 p.m. at the County Administration Center. This meeting will be devoted to organization of the Redistricting Advisory Committee, preliminary discussion of the redistricting process, and solicitation of initial input on redistricting priorities. Subsequent meetings, which will be more substantive, will be held at the times and locations in the attached schedule.

The Board of Supervisors and the Redistricting Advisory Committee will solicit public participation through various means. Interested individuals can request to address the Redistricting Advisory Committee at its public meetings. In addition to the public meetings, public outreach efforts will include posting redistricting information on the County's website at www.co.san-diego.ca.us. The public can submit comments and proposed plans at the public meetings, via electronic mail to redstrct@co.san-diego.ca.us, or via U.S. mail to:

1590007
County of San Diego
1600 Pacific Highway, Room 201 (M.S. A-6)
San Diego, CA 92101-2472
Attn: Alex A. Martinez, Deputy Chief Administrative Officer

The Board of Supervisors adopted criteria and guidelines that must govern the redistricting process. Proposed public plans should follow these criteria and guidelines in order to be considered. Proposed plans must be submitted no later than May 15, 2001. Thereafter the Redistricting Advisory Committee will develop proposed plans to be submitted to the Board of Supervisors by the end of June. The timeline that has been established is necessary to allow the Registrar of Voters to make timely preparations for the March 2002 Primary.

Enclosed with this letter are the following items for your information about redistricting:

1. schedule of date, times, and locations of Redistricting Advisory Committee meetings;
2. redistricting timeline;
3. map of the current supervisorial districts;
4. criteria and guidelines for the County to follow in making any boundary adjustments; and
5. the agenda for the meeting of February 16, 2001.

Additional information regarding the process may be available at the public meetings, at the County Clerk of the Board, or at the County's Internet site. If you have any questions on the redistricting process, please call my office at (619) 531-5274.

Para: Residentes del Condado de San Diego

DEMARCAACION DE LOS CINCO DISTRITOS DE LOS SUPERVISORES DEL CONDADO DE SAN DIEGO

En nombre del Consejo de Supervisores del Condado de San Diego, queda usted cordialmente invitado a participar en una serie de juntas públicas que serán llevadas a cabo por el Comité de Demarcación del Condado sobre el ajuste a la demarcación de los cinco distritos de los supervisores del condado.

Después del Censo Federal que ocurre cada diez años, se requiere que el Consejo de Supervisores, si lo encuentra necesario, ajuste la demarcación de los cinco distritos de los supervisores para que la población sea distribuida con igualdad entre estos. Los límites que serán marcados en la demarcación de este año determinarán en cual de los cinco distritos usted deberá votar empezando con las elecciones primarias de Marzo del 2002 y continuando al año 2011.

El Consejo de Supervisores del Condado ha ordenado que haya amplia oportunidad para que la comunidad comente y revise el ajuste de los límites de cada distrito de los supervisores. Para poder ofrecer esta oportunidad a personas y grupos interesados, el Comité de Demarcación conducirá cinco juntas comunitarias, una en cada distrito y seis juntas adicionales en el Centro Administrativo del Condado. La primera junta se llevará a cabo el 16 de Febrero del 2001, de 2:00 a 4:00 p.m., en el Centro Administrativo del Condado. La junta se dedicará exclusivamente a la organización del Comité de Demarcacion, a discutir las preliminares sobre el proceso de demarcación y a solicitar opiniones sobre prioridades de la demarcación. Las siguientes juntas, que seran más relevantes, se llevarán a cabo en las fechas señaladas en el horario adjunto.

El Consejo de Supervisores y el Comité de Demarcación solicitarán la participación del público mediante diferentes medios. Las personas interesadas podrán dirigirse al Comité de Demarcacion durante las juntas públicas. Además de las juntas públicas, se realizarán esfuerzos para informar al público sobre el proceso de la demarcacion, enviando dicha información a la página de Internet del Condado: www.co.san-

956000
diego.ca.us. El público podrá entregar sus comentarios y proponer planos en las juntas públicas, por correo electrónico a redstrct@co.san-diego.ca.us, o por medio del Servicio Postal a:

2001 REDISTRICTING CRITERIA AND GUIDELINES

Applicable Legal Standards

1. The County of San Diego is divided into five legally apportioned districts. (San Diego County Charter Section 400.)
2. The principal legal standard governing redistricting is the "one person, one vote" rule that requires supervisorial districts to be as nearly equal in total population as possible. This requirement is based in federal law, as well as California Elections Code section 21500.
3. The area of at least two supervisorial districts shall be as substantially outside the City of San Diego as the population will permit. (San Diego County Charter Section 400.1.)
4. In creating district boundaries, the Board of Supervisors may give consideration to the following factors: (a) topography; (b) geography; (c) cohesiveness, contiguity, integrity and compactness of territory; and (d) community of interests within the districts. (Elections Code Section 21500.)
5. District boundaries shall also comply with the federal Voting Rights Act, as applicable.
6. Redistricting shall be completed no later than November 1, 2001. (Elections Code Section 21501.) However, due to administrative requirements imposed upon the Registrar of Voters in connection with the March 2002 primary election, the Board of Supervisors intends to adopt redistricting plans by ordinance no later than August 2001.
7. It is necessary to hold at least one public hearing on any proposed redistricting plan prior to the public hearing at which the Board of Supervisors votes on the proposal. (Elections Code Section 21500.1.)

Additional Criteria

1. With the exception of the City of San Diego and to the extent possible, individual cities will not be divided between districts.
2. Where possible, dividing census tracts will be avoided.
