am opposed to moving Carlsbad to District 3. Carlsbad has been a big part of the North County Corridor along with San Marcos, Vista, Oceanside & Escondido, and moving Carlsbad to another district would be a detriment.

Palomar Airport brings together the communities of Oceanside, Carlsbad, Vista, San Marcos and Escondido with the negative impact of the flight pattern. The citizens in these communities are joined together by this constant treat to the environment by noise, emission particles and traffic. For years there has been a citizen effort to get the County to listen to their airport concerns. Many have attended the Palomar Airport Advisory Committee only to be dismissed and ignored. We stand united in District 5, and do not want to see these boundaries changed.

These cities are all impacted by the Palomar airport and we need to ensure our concerns regarding the expansion are represented.

As a resident of Carlsbad, CA, and lives within a 5 mile radius of Palomar Airport, it is extremely important to me to be in District 5, with other communities of Airport Noise and Pollution. It is the communities of Carlsbad, San Marcos, Vista, Oceanside and Escondido that share this community concern as we are all in the flight path. We have been a united voice in preserving the quality of life for constituents living in North San Diego County.
