My name is Serena Francisco. I am a resident of Point Loma and I work in Downtown San Diego. Every community deserves a voice in County Government, and it's time the Supervisor district lines reflect the rapid growth and unique priorities of San Diego's API community. Our community has never had a representative on the Board of Supervisors and many of our neighborhoods have been split between numerous districts over the years. In the City of San Diego, there has been great progress at empowering API communities both in 2011 and this year's redistricting. The County should take a similar approach. Please honor the API community of interest and maximize our ability to have our voices heard in San Diego County Government.
