Dear Members of the San Diego County Redistricting Commission,

I am writing to request that you keep North County as a SINGLE Supervisor district, and that the district continue to include ALL of its current unincorporated communities.

While North County contains numerous cities and unincorporated areas, we are - in aggregate - a common "community of interest". Collectively, we share numerous, common North County institutions to include; government agencies, health care entities, youth sports leagues and social & cultural institutions.

The communities of North County are distinct and different from the City of San Diego and other places in the county, and Rancho Santa Fe, Fallbrook, Bonsail and Valley Center are essential parts of North County and so should remain within the district.

In closing, please respect the boundaries of our historical "community of interest" and work to maintain a unified North County, which continues to be represented by a single County Supervisor.

Sincerely,

Russ Penniman

Past President & former member, Board of Directors, State of California 22nd District Agricultural Association
