As a voting member and resident, I'm asking you to maintain a unified North County, represented by one County Supervisor.

North County is a "Community of interest" meaning it shares many common North County institutions such as government agencies, health care entities, youth sports leagues and social & cultural institutions. They are distinct from the City of San Diego and other places in the county.

It has a distinct and separate identity that has developed over many decades.

The coastal, urban and rural areas are interconnected by transportation (like North County Transit and Highways 78 & 76), health care providers and employers.

The cities AND the unincorporated areas BOTH essential parts of the North County identity.
