As a lifelong North County resident, somebody who was born and raised in vista and now live in oceanside where i am currently raising my own family,I urge you all to maintain a unified North County, represented by one County Supervisor. North County has it's own culture and vibe and I would hate for that to change.North County is a "Community of interest" meaning it shares many common North County institutions such as government agencies, health care entities, youth sports leagues and social & cultural institutions. They are distinct from the City of San Diego and other places in the county.

—> It has a distinct and separate identity that has developed over many decades.

—> The coastal, urban and rural areas are interconnected by transportation (like North County Transit and Highways 78 & 76), health care providers and employees The cities AND the unincorporated areas BOTH essential parts of the North County identity.
