My name is Maya and I am with Asian Solidarity Collective. I am a resident of D4 and spend a lot of time with family and friends in D3. The D3 community is such an important community for my family and I. We spend many weekends in Convoy for our weekly groceries . This area is also a place where my family and I gather for family celebrations throughout the year. As a youth community member, many youth go to the various restaurants as meeting places and for community events. Many of the Asian restaurants and businesses in the community represent multi-generational families who share common experiences past and present, interests, culture, and traditions.

We share many challenges that underscore the importance of keeping our community of interest whole such as Rising home prices in this rapidly growing area, Struggles of small and family owned businesses to recover and rise out of COVID, Rising anti-Asian racism and discrimination and a long history of under representation in local government. I urge you to draw district lines that respect API San Diegans' communities of interest and empower our community. Many of San Diego's API residents and businesses are currently in district 3 and centered in the neighborhoods of Mira Mesa, Sorrento Valley, Kearny Mesa, the Convoy St commercial corridor, Miramar and Rancho Penasquitos.

Thank You,
Maya
