THANK YOU to the Chair and Commission members for the opportunity to address you and comment. My name is Lila MacDonald. I have been a resident and involved member of the community of Fallbrook for over 50 years and am currently serving as the CEO of the Fallbrook Chamber of Commerce. Fallbrook is an unincorporated area in North County. We have different needs, issues and concerns that are not shared with the communities of East County, South County or the City of San Diego.

North County, is a separate "community of interest" Fallbrook, Bonsall, Valley Center, Vista, San Marcos, Oceanside, Rainbow, & DeLuz share many common North County services, such as Sheriff, Fire and CHP, Health care facilities, educational facilities, Resources such as water, Transit, Youth sports leagues, and social & cultural institutions. As North County communities, we collectively support the Marine Corps Base Camp Pendleton & United States Naval Weapons Station in Fallbrook We share concerns about agriculture and fire safety.

Separating our unincorporated areas of Fallbrook from North County cities in which we have established relationships for the safety and well-being of all of our communities is detrimental and can tear apart years of hard work, and could give rise to increased crime, health concerns, increased poverty, increased fire safety issues and decreased resources.

We need one Supervisor to fight and represent us at the County Board, not have our needs pushed to the side, destroying our communities and the relationships that have been built to keep North County residents safe, educated and stable.

I urge you to Respect our community of interest and maintain a unified North County, represented by one County Supervisor.

Thank you for your time and consideration.
