State law requires the COSD IRC to conduct a minimum of 9 public hearings, at least seven (7) prior to finalization of the revised district maps, including one in each of the 5 supervisorial districts, and two (2) public hearings after draft maps are published.

2.2. There are several major uncertainties to this process that are not under the control of COSD IRC (1) the anticipated delay in receipt of 2020 census data from Federal and State authorities, and (2) release of the redistricting data in legacy format before tabulated data, and (3) the uncertainties created by the COVID 19 pandemic serving to limit the possibilities of in-person public meetings on the grounds of public safety and the provisions of Elections Code section 21552(c)(2)(B). Current requirements do not permit in-person public meetings with only virtual public meetings allowed. These requirements may be modified at any time in the life of this contract and in-person public meetings may be again allowed. Due to these uncertainties, the IRC is requesting that the Offeror propose a technical approach in two parts.

2.3. Part 1 Technical Approach –Exhibit A Statement of Work

2.3.1. Offerors are requested to propose a technical approach that incorporates the tasks and activities as specifically outlined in Exhibit A – Statement of Work.

Yes No

2.3.3. If your organization has exceptions to any requirements, provide a marked up redlined version of the Statement of Work that provides applicable alternative language along with an explanation to support any alternative standards/language being proposed. Failure to specifically reject a proposed requirement will be deemed an acceptance of such requirement.

2.3.4. With specific reference to Exhibit A Statement of Work, provide a detailed description of how you will provide services for this project (project plan). Include in your description:

2.3.4.1. Tasks/Activities to be performed.

2.3.4.2. Who will be assigned to complete each task/activity?

2.3.4.4. Methodologies and Best Practices to be deployed with accompanying commentary supporting how the methodologies and best practices proposed to support your understanding of the IRC’s requirements

2.3.4.5. Identify any issues/risks related to system implementation and include proposed effective risk mitigation strategies.

2.3.5. Provide a sample report you created for similar projects.

2.3.6. For tasks/activities outlined in the Statement of Work that would typically be recommended to be performed in person, describe how work will be performed in both an in-person format and a remote format.

2.3.7. With regards to your proposed Software product. Describe all added value characteristics and functionality, user friendly features, and compatibility to commonly utilized operating systems that will support the products' effective and efficient use by both the public and members of the IRC committee. Additionally, describe how your proposed software product supports your understanding of the IRC's requirements.

2.3.8. Describe your communications strategy for this effort. Responses may include examples of past work (literature, video clips, etc.) to support your effective communications.

2.3.8.2. Describe your proposed approach to the provision of training for both the IRC and public participants in the use of mapping software and related products. Include in your response any specialized training materials, presentations, and/or step-by-step instructions and video tutorials already established to supporting training covering mapping software features.

2.4. Part 2 Technical Approach –Optional Tasks/Activities

2.4.1. Offerors are requested to propose optional tasks/activities which shall be supplemental to the tasks/activities proposed in the Part 1 Technical Approach. These proposed optional tasks/activities may be included in an awarded agreement as options, to be exercised at the sole discretion of the County (at the IRC's direction). These proposed options should present both standard and innovative practices to fulfill the requirements of State law and ensure the delivery of effective and efficient services under a variety of circumstances (for example, in-person public meetings permitted/not permitted, a very abbreviated timeframe for completion of work, and other relevant unanticipated but possible circumstances).

2.4.2. Provide a list of optional tasks/activities and for each option proposed provide a detailed description including:

2.4.2.1. A description of the services to be performed including supporting rationale for methodologies and best practices.

- 9.2.2 Contractor shall not, under circumstances that might reasonably be interpreted as an attempt to influence the recipient in the conduct of his duties, accept any gratuity or special favor from individuals or organizations with whom the Contractor is doing business or proposing to do business, in accomplishing the work under this Agreement.
- 9.2.3 Contractor shall not use for personal gain or make other improper use of confidential information, which is acquired in connection with his employment. Contractor shall have no obligation, however, to defend or indemnify County Parties from a Claim if it is determined by a court of competent jurisdiction that such Claim was caused by the sole negligence or willful misconduct of County Parties.
- 10.2 **Insurance.** Prior to execution of this Agreement, Contractor must obtain at its own cost and expense, and keep in force and effect during the term of this Agreement, including all extensions, the insurance specified in Exhibit "B," "Insurance Requirements," attached hereto.

ARTICLE 11
AUDIT AND INSPECTION OF RECORDS

The County shall have the audit and inspection rights described in this section.

- 11.1 **Audit and Inspection.** Contractor agrees to maintain and/or make available within San Diego County accurate books and accounting records relative to all its activities under this Agreement. Authorized federal, State or County representatives shall have the right to monitor, assess, or evaluate Contractor's performance pursuant to this Agreement, said monitoring, assessments, or evaluations to include but not limited to audits, inspection of premises, reports, and interviews of project staff and participants. Contractor assertions of confidentiality shall not be a bar to full access to the records.

At any time during normal business hours and as often as County may deem necessary, Contractor shall make available to County, State or federal officials for examination all of its records with respect to all matters covered by this Agreement and will permit County, State or federal officials to audit, examine and make excerpts or transcripts from such records, and to make audits of all invoices, materials, payrolls, records of personnel, information regarding clients receiving services, and other data relating to all matters covered by this Agreement. If an audit is conducted, it will be done in accordance with generally accepted government auditing standards as described in "Government Auditing Standards," published for the United States General Accountability Office or the Institute of Internal Auditors International Standards for the Professional Practice of Internal Auditing.

If any services performed hereunder are not in conformity with the specifications and requirements of this Agreement, County shall have the right to require the Contractor to perform the services in conformity with said specifications and requirements at no additional increase in total Agreement amount. When the services to be performed are of such nature that the difference cannot be corrected, County shall have the right to (1) require Contractor immediately to take all necessary steps to ensure future performance of the services in conformity with requirements of the Agreement, and (2) reduce the Agreement price to reflect the reduced value of the services performed. In the event Contractor fails to perform the services promptly or to take necessary steps to ensure future performance of the service in conformity with the specifications and requirements of the Agreement, County shall have the right to either (1) by agreement or to otherwise have the services performed in conformity with the Agreement specifications and charge to Contractor any cost occasioned to County that is directly related to the performance of such services, or (2) terminate this Agreement for default as provided in the Termination clause.

- 11.2 **External Audits.** Contractors will provide the following to the COR:

- 11.2.1 Contractor shall provide COR a copy of all notifications of audits or pending audits by federal or State representatives regarding contracted services identified in this Agreement no later than three (3) business days of Contractor receiving notice of the audit.
- 11.2.2 Contractor shall provide COR with a copy of the draft and final State or federal audit reports within twenty four (24) hours of receiving them (Health and Human Services Agency (HHS) Contractors shall also provide electronic copies to Agency Contract Support (ACS) at ACS.HHS@sdcounty.ca.gov).
- 11.2.3 Contractor shall provide COR a copy of the contractor's response to the draft and final State or federal audit reports at the same time as response provided to the State or federal representatives.
- 11.2.4 Unless prohibited by the government agency conducting the audit, Contractor shall provide COR a copy of all responses made by the federal or State audit representative to the contractors' audit response no later than three (3) business days of receiving it. This will continue until the federal or State auditors have accepted and closed the audit.
- 11.3 Cost or Pricing Data. If the Contractor submitted cost or pricing data in connection with the pricing of this Agreement or any change or modification thereto, unless such pricing was based on adequate price competition, established catalog or market prices of commercial items sold in substantial quantities of the general public, or prices set by law or regulation, the Contracting Officer or his representatives who are employees of the County or its agent shall have the right to examine all books, records, documents and other data of the Contractor related to the negotiation pricing or performance of such Agreement, change or modification, for the purpose of evaluating the accuracy, completeness and currency of the cost or pricing data submitted.
- 11.4 Availability. The materials described above shall be made available at the office of the Contractor, at all reasonable times, for inspection, audit or reproduction, until the expiration of three (3) years from the date of final payment under this Agreement, or by section 11.4.1 and 11.4.2, below:
- 11.4.1 If this Agreement is completely or partially terminated, the records relating to the work terminated shall be made available for a period of three (3) years from the date of any resulting final settlement.
- 11.4.2 Record that relate to appeals under the "Disputes" clause of this Agreement, or litigation or the settlement of claims arising out of the performance of this Agreement, shall be made available until such appeals, litigation, or claims have been disposed of, or three years after Agreement completion, whichever is longer. County shall keep the materials described above confidential unless otherwise required by law.
- 11.5 Subcontract. The Contractor shall insert a clause containing all the provisions of this Article 11 in all subcontracts hereunder except altered as necessary for proper identification of the contracting parties and the contracting officer.

ARTICLE 12

INSPECTION OF SERVICE

- 12.1 Subject to Inspection. All performance (including services, materials, supplies and equipment furnished or utilized in the performance of this Agreement, and workmanship in the performance of services) shall be subject to inspection and test by the County at all times during the term of this Agreement. Contractor shall cooperate with any inspector assigned by the County to permit the inspector to determine whether Contractor's performance conforms to the requirements of this Agreement. County shall perform such inspection in a manner as not to unduly interfere with Contractor's performance.
- 12.2 Specification and Requirements. If any services performed by Contractor do not conform to the specifications and requirements of this Agreement, County may require Contractor to re-perform the services until they conform to said specifications and requirements, at no additional cost, and County may withhold payment for such services until Contractor correctly performs them. When the services to be performed are of such a nature that Contractor's cannot correct its performance, the County shall have the right to (1) require the Contractor to immediately take all necessary steps to ensure future performance of services conforms to the requirements of this Agreement, and (2) reduce the Agreement price to reflect the reduced value of the services received by County. In the event Contractor fails to promptly re-perform the services or to take necessary steps to ensure that future performance of the service conforms to the specifications and requirements of this Agreement, the County shall have the right to either (1) without terminating this Agreement, have the services performed, by agreement or otherwise, in conformance with the specifications of this Agreement, and charge Contractor, and/or withhold from payments due to Contractor, any costs

incurred by County that are directly related to the performance of such services, or (2) terminate this Agreement for default.

ARTICLE 13

USE OF DOCUMENTS AND REPORTS

- 13.1 **Findings Confidential.** Any reports, information, data, etc., given to or prepared or assembled by Contractor under this Agreement that the County requests to be kept as confidential shall not be made available to any individual or organization by the Contractor without the prior written approval of the County.
- 13.2 **Ownership, Publication, Reproduction and Use of Material.** All reports, studies, information, data, statistics, forms, designs, plans, procedures, systems, and any other material or properties produced under this Agreement shall be the sole and exclusive property of County. No such materials or properties produced in whole or in part under this Agreement shall be subject to private use, copyright or patent right by Contractor in the United States or in any other country without the express written consent of County. County shall have unrestricted authority to publish, disclose, distribute and otherwise use, copyright or patent, in whole or in part, any such reports, studies, data, statistics, forms or other materials or properties produced under this Agreement.
- 13.3 **Confidentiality.** Contractor agrees to maintain the confidentiality of and take industry appropriate and legally required measures to prevent the unlawful disclosure of any information that is legally required to be kept confidential. Except as otherwise allowed by local, State or federal law or regulation and pursuant to this Section 13.3, Contractor agrees to only disclose confidential records where the holder of the privilege, whether the County, or a third party, provides written permission authorizing the disclosure.
- 13.4 **Public Records Act.** The California Public Records Act (“CPRA”) requires County to disclose “public records” in its actual or constructive possession unless a statutory exemption applies. This generally includes contracts and related documents. If County receives a CPRA request for records relating to the Agreement, County may, at its sole discretion, either determine its response to the request without notifying Contractor or notify Contractor of the request. If County determines its response to the request without notifying Contractor, Contractor shall hold County harmless for such determination. If County notifies Contractor of the request, Contractor may request that County withhold or redact records responsive to the request by submitting to County a written request within five (5) business days after receipt of the County’s notice. Contractor’s request must identify specific records to be withheld or redacted and applicable exemptions. Upon timely receipt of Contractor’s request, County will review the request and at its sole discretion withhold and/or redact the records identified by Contractor. Contractor shall hold County harmless for County’s decision whether to withhold and/or redact pursuant to Contractor’s written request. Contractor further agrees that its defense and indemnification obligations set forth in Section 10.1 of this Agreement extend to any Claim (as defined in Section 10.1) against the County Parties (as defined in Section 10.1) arising out of County’s withholding and/or redacting of records pursuant to Contractor’s request. Nothing in this section shall preclude Contractor from bringing a “reverse CPRA action” to prevent disclosure of records. Nothing in this section shall prevent the County or its agents or any other governmental entity from accessing any records for the purpose of audits or program reviews if that access is legally permissible under the applicable local, State or federal laws or regulations. Similarly, County or its agent or designee may take possession of the record(s) where legally authorized to do so.
- 13.5 **Maintenance of Records.** Contractor shall maintain all records relating to its performance under this Agreement, including all records of costs charged to this Agreement, and shall make them available within San Diego County for a minimum of five (5) years from the ending date of this Agreement, or longer where required by funding source or while under dispute under the terms of this Agreement, unless County agrees in writing to an earlier disposition. Contractor shall provide any requested records to County within two (2) business days of request.
- 13.6 **Custody of Records.** County, at its option, may take custody of Contractor's client records upon Agreement, termination, expiration, or at such other time as County may deem necessary. County agrees that such custody will conform to applicable confidentiality provisions of State and federal law. Said records shall be kept by County in an accessible location within San Diego County and shall be available to Contractor for examination and inspection.
- 13.7 **Audit Requirement.**
- (a) Contractor shall annually engage a Licensed Certified Public Accountant licensed to perform audits and attests in the State of California to conduct an annual audit of its operations. Contractors that expend \$750,000 or more of federal grant funds per year shall also have an audit conducted in compliance with Government Auditing Standards, which includes Single Audit Act Amendments and the Compliance Supplement (2 CFR part 200 App. XI). Contractors

that are commercial organizations (for-profit) are required to have a non-federal audit if, during its fiscal year, it expended a total of \$750,000 or more under one or more HHS awards. 45 CFR part 74.26(d) incorporates the threshold and deadlines of the Compliance Supplement but provides for-profit organizations two options regarding the type of audit that will satisfy the audit requirements. Contractor shall include a clause in any agreement entered into with an audit firm, or notify the audit firm in writing prior to the audit firm commencing its work for Contractor, that the audit firm shall, pursuant to 31 U.S.C. 7503, and to the extent otherwise required by law, provide access by the federal government or other legally required entity to the independent auditor's working papers that were part of the independent auditor's audit of Contractor. Contractor shall submit two (2) copies of the annual audit report, the audit performed in accordance with the Compliance Supplement, and the management letter to the County fifteen (15) days after receipt from the independent Certified Public Accountant but no later than nine (9) months after the Contractor's fiscal year end.

(b) Contractor shall immediately notify County upon learning that Contractor's independent Certified Public Accountant may or will issue a disclaimer of opinion due to substantial doubt of Contractor's ability to continue as a going concern.

13.8 Reports. Contractor shall submit reports required in Exhibit A and additional reports as may be requested by the COR and agreed to by the Contractor. Format for the content of such reports may be developed by County. The timely submission of these reports is a necessary and material term and condition of this Agreement and Contractor agrees that failure to meet specified deadlines will be sufficient cause to withhold payment. Contractor shall submit to County within thirty (30) days of the termination of this Agreement a report detailing all work done pursuant to this Agreement by Contractor.

13.9 Evaluation Studies. Contractor shall participate as requested by the County in research and/or evaluative studies designed to show the effectiveness and/or efficiency of Contractor services or to provide information about Contractor's project.

The decision of the Contracting Officer shall be final and conclusive unless determined by a court of competent jurisdiction to have been fraudulent, capricious, arbitrary or so grossly erroneous as necessarily to imply bad faith. Contractor shall proceed diligently with its performance hereunder pending resolution by the Contracting Officer of any such dispute. Nothing herein shall be construed as granting the Contracting Officer or any other administrative official, representative or board authority to decide questions of law, or issues regarding the medical necessity of treatment or to pre-empt any medical practitioners' judgment regarding the medical necessity of treatment of patients in their care. The foregoing does not change the County's ability to refuse to pay for services rendered if County disputes the medical necessity of care.

ARTICLE 16 GENERAL PROVISIONS

16.1 Assignment and Subcontracting. Contractor shall not assign any interest in this Agreement, and shall not transfer any interest in the same (whether by assignment or novation), without the prior written consent of the County; County's consent shall not be unreasonably withheld. EXHIBIT A – STATEMENT OF WORK

1. SCOPE/PURPOSE

In accordance with relevant sections of California Elections Code and the County of San Diego Charter, the County of San Diego (COSD) has established an Independent Redistricting Commission (IRC) and will support its efforts by contracting for necessary demographic consulting and mapping services.

2. BACKGROUND

Every ten years after the Federal census, district boundaries for federal, state, and local elected offices are redrawn as necessary to ensure substantially equal population representation. This process is known as redistricting and for the COSD supervisorial districts is the responsibility of the IRC. These revisions to the current five supervisorial districts serve to reflect new population data and shifting populations as reflected in the decennial Census, as well as recognition of the needs of County communities of interest for fair representation within a given district.

The redistricting process is conducted in conformance with California Elections Code Section 21550-21553 and other applicable law. Of specific relevance to this process is the legal requirement that COSD must encourage public participation in redistricting through:

- Media Outreach
- Good government, civil rights, civic engagement, and community groups
- Live translation, if requested 72 hours in advance of any scheduled meeting
- Publication of notices on the Internet
- Publication of a draft map at least seven days before adoption
- Publication of relevant demographic data
- Ready access by the public to redistricting data and computer software equivalent to what is available to the commission members
- Receipt of maps or testimony from the public in writing or electronically.

The fourteen members of the IRC are selected so as to reasonably represent COSD diversity. Per California law, the IRC and the redistricting process are independent from the influence of the Board of Supervisors. Also, per State law, COSD provides funding and staff support for the work of the IRC.

It is planned that there will be two separate support contracts issued to assist the IRC. The first, the subject of this RFP, provides necessary demographic consulting and mapping services. The second provides necessary public outreach and engagement services to insure appropriate public input and understanding of the redistricting process. It is intended that these two efforts support each other and minimize overlap towards obtaining the most accurate and acceptable redistricting objectives.

3. PROGRAM MANAGEMENT AND GEOGRAPHIC SERVICE AREA

The contractor shall provide demographic consulting and mapping services at the direction of the IRC. A single point of contact within the IRC will be established to facilitate such communications. All contracted services will be provided within San Diego County.

4. REQUIREMENTS FOR SERVICE DELIVERY

The contractor shall provide:

- 4.1 Demographic Consulting Services. Provide ongoing and special consultation, analysis, and support to the IRC. All interaction with the IRC will be via the Commission's public meetings (virtually or in-person as possible), or other methods as are mutually agreeable.

- 4.2 Mapping Software. Provide IRC with access to appropriate software systems for use in their evaluation of the redistricting map alternatives. To the extent possible, all software should be user friendly and compatible with commonly utilized operating systems within Microsoft-, Apple-, and smartphone-based platforms. It is understood that users of this software should be able to utilize a variety of computer platforms including commonly encountered desktop, laptop, and mobile devices. All software must be kept up to date with all current revisions thereto and incorporate best virus protection practices.

 - 4.2.2 To the extent possible, maps produced shall support both map view and satellite view.
 - 4.2.3 Mapping software equivalent to that available to the IRC must also be made available to the public to draw and submit draft supervisorial districts and identify communities of interest. This software shall be accessible on a public platform with user-friendly access such that community members can conveniently draw and submit their own full or partial maps for IRC consideration along with text commentary and/or responses to questions.
 - 4.2.4 All mapping software shall have the ability to import, export, and store standard database, spatial, and geographic file formats (for example .csv, .shp).
 - 4.2.5 All mapping software shall have built-in ability for backup and recovery.
 - 4.2.6 Mapping software should include standard demographic profile reports as well as the ability to create customized reports.

6. ADDITIONAL WORK AND SUPPORT SERVICES

- 6.1. It is understood that COSD may approve additional demographic work and other related support services deemed necessary by the IRC. In such case, additional work and support services shall be confirmed and procured in the form of a task order.

7. SPECIAL PROGRAM TIMING CONSIDERATIONS

- 7.1. It is understood that the goal of this contract is to support production and the IRC's adoption of a final supervisorial district map prior to the statutory deadline, currently December 15, 2021, in accordance with applicable law and the schedule and processes established by the IRC with County staff. It is also currently understood that necessary Federal census may not be available for IRC use until approximately September 30, 2021 and California modifications thereto available at an even later date, perhaps in late October. It is requested that responses to this RFP take these dates into account to make best use of time and resources between contract award and the final mapping product delivery date.

13. Waiver of Subrogation

Contractor hereby grants to County a waiver of their rights of subrogation which any insurer of Contractor may acquire against County by virtue of the payment of any loss.
