Ad Hoc Committee to Develop Recommendations for Legislative and Other Options

Motion

Authorize the AHC to work with the IRC Chair on language, and to take all appropriate actions to propose to the legislative author of SB 594 amendments applicable to the 2021 redistricting of the County of San Diego to:

- 1) extend the deadline for the IRC to adopt a redistricting plan, up to and including January 31, 2022;
- 2) permit the IRC to release draft maps of supervisorial districts three weeks after receipt of, and based on, a block-level redistricting database created by the Statewide Database from the legacy-formatted Census data, to be released by the Census Bureau in August 2021;
- 3) require the IRC to immediately update all draft maps of supervisorial districts after the block-level redistricting database, required by subdivision (b) of Section 8253 of the Government Code, is first made publicly available, and for that database to be used for all future mapping.
