All COI Categories, except for the Community Builder spatial-submitted COIs, are based on geographic information system data that is managed by the San Diego Geographic Information Source (SanGIS) and available from the SanGIS Regional Data Warehouse. The names of the COIs are unchanged from the SanGIS source data.

*Many Community Builder spatial depictions (polygons) of COIs are general, represent multiple COIs, or represent a single proposed supervisorial district; therefore not all polygons can be maintained undivided, even when the intent of the COI is respected. The category, COIs Not Preserved in Minimum # of Districts includes any polygon divided even minimally by a district boundary; the name of the COI (last column) is that provided by the submitter.
