## Fire Advisory Board Agenda Items

### **Formation of Ramona Subcommittee to Consider Cases Regarding Service Levels within Ramona and Request for Appointment of Members – Effective Upon Ramona’s Divestiture of Fire and Emergency Medical Services**

On January 4, 2022, the Ramona Municipal Water District submitted a proposal to the Local Agency Formation Commission (LAFCO) for the Divestiture of Fire Protection and Emergency Medical Services and Current Annexation to the San Diego Fire Protection District. County fire staff anticipate LAFCO completing the transfer of services in July 2022. The proposal contains the following proposed condition: “The Successor Agency must establish and/or create a three-member Ramona Fire Advisory Board to advise the San Diego FPD on issues related to the provision of services to the District’s territory” (Page 2). Further, participation shall include one member each from the Ramona Municipal Water District, Ramona Fire Safe Council, and Ramona Community Planning Group (Page 23). The subcommittee to the Fire Advisory Board would become effective upon the transfer of services.

**Recommendation:** Approve the formation of the subcommittee, contingent upon the completion of the LAFCO process and include this item on the next agenda for an update.

### **Fire Protection District Ambulance Transport Fees—Pending Board of Supervisors action to establish a fee in the Fire Protection District service area**

Ambulance transport fees will enable County Fire to recover costs associated with high-quality services that serve all residents of the FPD. Proposed fees are consistent with the average charge in other jurisdictions in the region with a cost of \$2,500 per ambulance transport and \$40 per mile. There is also a proposed fee of \$150 when transport is not provided.

**Recommendation:** Support County Fire’s proposed fees to recover costs and continually provide high-quality services in the Fire Protection District.

### **County of San Diego Contract with California Department of Forestry and Fire Protection (CAL FIRE)—Pending Board of Supervisors action to authorize a single source procurement to maintain and expand services in the Fire Protection District**

For more than 15 years, the County of San Diego and California Department of Forestry and Fire Protection (CAL FIRE) have worked collaboratively to reduce wildfire risks and provide high-quality fire protection and emergency medical services. On June 21, 2016, the Board of Supervisors authorized a five-year single source contract with CAL FIRE. During that time, County residents have experienced the creation of the San Diego County Fire Protection District, around-the-clock staffing at nearly 35 fire stations, three staff per engine, and a financial investment by the County for nearly 200 CAL FIRE employees. The County of San Diego’s contract with CAL FIRE expires on June 30, 2022. County Fire staff is recommending an additional five-year single source contract with CAL FIRE to maintain current staffing levels in the Fire Protection District and capacity for the transfer of Ramona’s services.

**Recommendation:** Support the recommendation of a five-year single source contract with CAL FIRE with a new term beginning on July 1, 2022.
