SDG&E Donation for Roadside Fire Retardant—Pending Board of Directors Action

San Diego Gas and Electric (SDG&E) recently provided a $200,000 donation to the Fire Safe Council of San Diego County (FSCSDC) for the purpose of applying long-term fire retardant (LTFR) along the roadside and along evacuation corridors in high fire risk areas throughout the County. FSCSDC has offered to pass the $200,000 donation to County Fire to promote safety for our residents.

Recommendation: Receive an update on the SDG&E donation and vote in support of the proposed recommendation to receive the funding for the purpose of applying long-term fire retardant along the roadside and evaluation corridors.

Consolidated Fire Code Revisions—Pending Board of Supervisors Action

The San Diego Consolidated Fire Code is an abridged and more user-friendly version of the State Fire Code that highlights some specific details for our County. It is required to be revised every 3 years and the third year is 2023. All 13 of the Unincorporated Fire Districts have voted to approve the revisions. There are a total of 49 revisions proposed, 26 of which are simply updates based on the new State Code; the remaining 23 have been proposed by the County’s Fire Marshal Group. In general, all the changes are minor in nature and do not overly restrict development and provide better direction to our customers. Highlights include adding an Appendix with a Districts map and links to the various Defensible Space Ordinances; and adding further specific directions on locked gates, turning radius, water tanks, and when secondary access is required, etc.

Recommendation: Receive this update and vote in support of the proposed updates to the Consolidated Fire Code.

Defensible Space Ordinance—Pending Board of Directors Action

The San Diego County Defensible Space Ordinance regulates defensible space in the San Diego County Fire Protection District and Deer Springs Fire Protection District The other unincorporated Fire Districts have their own Ordinance. The Defensible Space Ordinance is being revised with some minor edits for clarity. There are also edits that reflect recent changes to the State Fire Code, which provide clarity of the 3 different defensible space zones (0 to 5’, 5’ to 50’ and 50’ to 100’). This revision is necessary so that the local Defensible Space Ordinance does not contradict the State Fire Code. There is also a new violation/ fine section to provide further clarity.

Recommendation: Receive this update and vote in support of the proposed updates to the Defensible Space Ordinance.

The Executive Leadership Team would like to recognize the Firefighter I Hiring Cadre for their efforts this year. The amount of work to hire and rehire Firefighter's this year is truly remarkable and Fire Captain Dave LaMora, Fire Captain Kyle Custeau, and Fire Captain Brad Loven have met the challenge again and again. With the addition of the Firefighter I Fire Crews, the San Diego Unit now carries nearly 600 Firefighter I’s during the peak fire season.

The Executive Leadership Team would like to extend a special thank you to Fire Captain Dave LaMora who is retiring at the end of this year.

Due to the support staffing improvements implemented by the State, Firefighter I Hiring will be transitioning to the administrative office next year.
