BACKGROUND AND GENERAL INFORMATION

The Community Development Block Grant (CDBG) Program is a U.S. Department of Housing and Urban Development (HUD) program that provides funds annually to all entitlement jurisdictions. CDBG funds are used for community development and affordable housing activities that benefit low-income households and persons with special needs.

If you are interested in being placed on the community meetings or NOFA mailing lists, or if you have questions about this application, the CDBG Program, or other Housing and Community Development Services programs, please call (858) 694-8724.

The County of San Diego receives CDBG funds for the “Urban County” which in FY 2020-21 will include all of the County unincorporated area and six participating cities: Coronado, Del Mar, Imperial Beach, Lemon Grove, Poway and Solana Beach. These cities are below the population threshold for entitlement status and must join with the County to receive CDBG funds on a regular basis. The County administers the CDBG Program for the participating cities. ***Please note that the cities have their own application process and their City Councils recommend projects to the Board of Supervisors for funding with each city’s CDBG allocation.***

This application is to be used to seek funding for community development activities located only in the unincorporated areas of the County as described below:

Community Development Activities: Proposals for CDBG-funding of community development projects, including but not limited to, public improvements such as streets, sidewalks, drainage, parks, youth and child care centers, health centers, etc., are accepted once a year following a series of community meetings throughout the County unincorporated area. The attached “Application for Community Organizations” is to be used by community organizations requesting CDBG funds for community development projects that they intend to administer and are located in the unincorporated area. Note: All sub-recipients requesting funds for programs working directly or indirectly with homeless populations will be required to participate in the Homeless Management Information System (HMIS) database effort administered by the Regional Task Force on the Homeless. A separate “Resident Request” form is available for community residents requesting community improvements to be carried out by one of the County departments, as in the case of County parks projects, or sidewalks, drainage and street improvements projects in the public right-of-way.

Public Services: Eligible public services are limited to those services that directly relate to and support physical community revitalization, homeless or housing activities.

This application is **not** to be used to seek funding for the following activities:

Affordable Housing Activities: Proposals for affordable housing or housing-related projects are **only** accepted through Notices of Funding Availability (NOFAs) or Request for Proposals (RFPs) processes that are made available from time to time. Funds from the Urban County portion of the HOME Investment Partnerships Program, and a portion of the Urban County CDBG funds (when available), are placed in a County Housing Development Fund, and are subsequently used to fund housing development activities. Funds are awarded to project sponsors in the form of loans for development, acquisition or rehabilitation of affordable housing for lower-income households. Emergency Solutions Grant (ESG) funds for homeless assistance programs and HOPWA funds, in the form of grants, are also disbursed through special NOFAs and RFPs.

Attachment A**CDBG PROGRAM STRATEGY**

San Diego Urban County Community Development Block Grant (CDBG) funds will be allocated through this application process to the unincorporated area. These funds will be disbursed primarily for community improvement projects and a very limited number of public services projects. All projects must align with the County's 2020-24 Consolidated Plan.

The types of activities that will be funded through this application process follow:

1. Public Improvements

CDBG funds may be used for eligible public improvements, such as parks, streets, community centers, fire facilities and equipment, drainage structures, etc.

2. Public Services

Eligible public services are limited to those services that directly relate to and support physical community revitalization, homeless or housing activities.

Attachment B

CDBG APPLICATION PROCESS

The following review and recommendation process will be used for preparation of the Annual Funding Plan for CDBG Program funding of community development projects:

1. Assigned County staff will annually solicit community development proposals from within the Urban County through community meetings, mailings, and media releases in accordance with, and immediately following, approval of the annual CDBG Program Strategy.
2. Staff will review all submitted community development proposals for compliance with federal grant eligibility requirements, conformance with the activities to be funded through this application process, and conformance with Board priorities; obtain additional information from the applicants as required, and, if appropriate, transmit a listing of the proposals to the appropriate County departments for review to determine:
 - a. If the proposed project appropriately addresses the identified problem;
 - b. If the proposed project complies with existing State and County laws, ordinances, regulations, and policies;
 - c. The feasibility of timely implementation of the project, including issues that would be expected to cause delays;
 - d. Whether cost estimates are accurate;
 - e. Departmental priority recommendations;
 - f. Applicant's fiscal capacity; and
 - g. Applicant's project administration experience and capacity.
3. County staff will visit community development proposal sites to identify physical circumstances that may bear on the final funding recommendation.
4. Following completion of the community development proposal review, including consideration of all relevant information available, staff will develop a list of all community development proposals received. The list shall be presented to the Board of Supervisors for approval during a scheduled public hearing on the CDBG/HOME Investment Partnerships/Emergency Solutions Grant/Housing Opportunities for Persons with AIDS Annual Funding Plan, and shall include:
 - a. Eligible proposals, which are approved and submitted by participating city councils, which meet CDBG Program policy requirements and that are within the participating city's annual funding allocation, shall be included in the recommended listing;
 - b. Recommended community development projects that are located within the Urban County and high priority proposals, if any, located within other entitlement jurisdictions that will serve Urban County residents in approximate proportion to the requested funding;

- c. Eligible proposals that are not recommended for funding, but listed as "alternatives";
 - d. Proposals that do not comply with federal CDBG eligibility requirements or do not conform to the types of activities to be funded through this application process; and,
 - e. Resident Requests that may also be listed in one of the aforementioned categories, if a department has submitted an application to carry out the project.
5. After Board approval, a sub-recipient training will be held for all organizations approved for CDBG funds. This training is mandatory for all sub-recipients of CDBG community development funds.
6. Please note that Notices of Funding Availability (NOFAs) or Requests for Proposals (RFPs) are used by HCDS to disburse HOME Investment Partnerships Program and CDBG funds (when available) for housing development activities. Emergency Solutions Grant funds and Housing Opportunities for Persons with AIDS Program funds are also disbursed through separate NOFAs and RFPs. Funds for these types of activities may be sought when and if there is a related NOFA or RFP. NOFAs are posted from time to time on HCDS's website at www.sdhcd.org. RFPs are issued by the County's Department of Purchasing and Contracting (DPC). RFPs are announced through DPC (<http://www.sandiegocounty.gov/purchasing/index.html>) to registrants of the BuyNet system.

Attachment C**PROJECT ELIGIBILITY**

Projects must be a CDBG-eligible activity, must be in conformance with the activities to be funded through this application process, and must meet at least one of the following CDBG national objectives:

1. Primarily benefit low- or moderate-income (under 80% of the area median income) persons or households. This is the most commonly used qualifier. Documentation of the benefit to low/moderate income level persons is required of every project funded under this objective. Limited clientele activities, i.e., those which benefit a specific sector of the community, such as youth centers, health clinics, etc., must benefit a minimum of 51% low- and moderate-income persons. Activities, that benefit all residents within a defined geographic area (area benefit), can meet the low/moderate income benefit requirement if the area contains a minimum of 50.64% low- or moderate-income residents, as calculated by HUD.
2. Aid in the elimination of slum or blight conditions. HUD has strict guidelines to define these conditions. A project rarely meets this national objective. Please contact HCDS staff to determine if your project is eligible under this national objective.
3. Meet an urgent community need. Generally, this objective is only used in the case of recent serious natural disasters (e.g., earthquake, flooding, etc.) and only when no other funding sources are available.

Attachment D
