Executive Summary

San Diego County Region

The San Diego County region (region) is comprised of 18 incorporated cities and 26 unincorporated communities. The region is over 4,200 square miles in area with 70 miles of coastline. The terrain rises from sea level to 6,535 feet on Hot Springs Mountain. In 2022, as reported by the County Operational Plan, the region's population was over 3.28 million.

The County of San Diego

The County of San Diego (County) has approximately 20,000 employees and an annual operating budget of over \$8 billion. The County's mission is to "strengthen our communities with innovation, inclusive, and data-driven services" and its stated core values are "integrity, belonging, equity, excellence, access, and sustainability."

The context for all strategic and operational planning is provided by the County's vision of "a just, sustainable, and resilient future for all." Strategic Initiatives focus the County's priorities to advance the County's vision. The 2022-2027 Strategic Initiatives are Equity, Sustainability, Community, Empower, and Justice.

The County of administers the following federal block grant programs:

- Community Development Block Grant (CDBG) - CDBG funds may be used for certain activities that serve low and moderate-income residents, as specified by the program regulations.
- HOME Investment Partnerships (HOME) - HOME funds may be used for housing activities that serve low and moderate-income residents, as specified by the program regulations.
- Emergency Solutions Grant (ESG) - ESG funds may be used for the prevention of homelessness and homeless assistance, as specified by the program regulations.
- Housing Opportunities for Persons with AIDS (HOPWA) – HOPWA funds may be used for housing, social services, program planning, and development costs that benefit individuals living with HIV/AIDS.

The U.S. Department of Housing and Urban Development (HUD) requires cities, counties, and states that receive federal block grant funding to prepare consolidated plans. The County of San Diego Health and Human Services Agency, Housing and Community Development Services (HCDS), is responsible for the preparation of the Consolidated Plan and related Annual Action Plan (hereafter referred to as "Annual Plan") and Consolidated Annual Performance and Evaluation Report (CAPER).

Consolidated Plan

The County of San Diego Consortium 2020-2024 Consolidated Plan (Consolidated Plan) covered the jurisdictions within the County of San Diego Consortium. This includes areas known as the Urban County and HOME Consortium:

- **The Urban County** – The Urban County is composed of the County unincorporated area and the participating cities of Coronado, Del Mar, Imperial Beach, Lemon Grove, Poway, and Solana Beach.

- **The HOME Consortium** – The HOME Consortium includes the Urban County and the participating cities of Carlsbad, Encinitas, La Mesa, San Marcos, Santee, and Vista.

The Consolidated Plan was prepared in accordance with Title 24, Part 91 of the U.S. Department of Housing and Urban Development (HUD) Code of Federal Regulations (CFR). The main purpose of the Consolidated Plan is:

- To identify the grantee's housing and community development (including neighborhood and economic development) needs, priorities, goals, and strategies, and
- To specify funding allocation priorities for housing and community development activities.

Summary of the Objectives and Goals

The Consolidated Plan addressed the needs, priorities, goals, and allocation strategies for CDBG, HOME, ESG, and HOPWA funding for the period between July 1, 2021, and June 30, 2025. All activities carried out by the County must conform to its mission, values, and the *'Live Well San Diego'* vision. The objectives set forth in County planning documents are to be achieved by the following four Consolidated Plan strategic goals:

- Goal 1** – Increase affordable housing opportunities across the region for low- to moderate-income and special needs residents
- Goal 2** – Prevent and end homelessness through accessible housing and supportive services
- Goal 3** – Enhance community infrastructure and facilities to provide a suitable and sustainable living environment
- Goal 4** – Provide housing and support services for those living with HIV/AIDS

This annual performance report is the third performance report of the current five-year Consolidated Plan and describes activities that were undertaken during Fiscal Year (FY) 2022- 23, using Federal funds granted to the County of San Diego Consortium by HUD for the CDBG, HOME, ESG, and HOPWA Programs. This CAPER details our accomplishment for FY 2022-23, as well as displays the County's progress in meeting our five-year goals set forth in the Consolidated Plan. The City of San Diego is the entitlement jurisdiction for the Housing Opportunities for Persons with AIDS (HOPWA) Program. However, through an agreement with the City, the County is the HOPWA Alternate Grantee. HOPWA funds and accomplishments are included in the FY 2022-23 CAPER.

More details on the four strategic goals are described in Section CR-05 Goals and Outcomes of the CAPER attachment.

Summary of Accomplishments

Notable accomplishments for Fiscal Year 2022-23 include:

- Completed construction on a 100-unit affordable housing development in the City of San Marcos. Of the 100 units, 99 will be affordable to households earning 30% to 80% Area Median Income (AMI).
- Funded 13 new infrastructure projects, including a total of four ADA improvement projects, eight street/sidewalk projects, and one park project utilizing approximately \$1.6 million in CDBG funds.
- Administered approximately \$1.7 million in HOME funds and \$1.3 million in HOPWA funds for tenant-based rental assistance to 343 extremely low- and low-income households, primarily

ATTACHMENT B

those experiencing homelessness or those living with HIV/AIDS and their families.

- Provided 509 emergency shelter beds to low-income persons at risk of or experiencing homelessness using over \$2,000,000 in ESG and one-time ESG-CV funds and \$50,000 in CDBG funds.
- Supported permanent housing options for 161 households for individuals living with HIV/AIDS, utilizing approximately \$535,000 in HOPWA funds.
- Assisted more than 65,000 individuals with emergency food assistance, utilizing approximately \$2.2 million in one-time CDBG-CV funding.

Shifting environmental factors caused some accomplishments to fall short of their planned goals. For example, The Down Payment and Closing Cost Assistance program aided fewer households than anticipated due to the market driven nature of home sales. Increases in the sales price of homes located throughout the San Diego County region outpaced increases in the median income of San Diego County residents, thereby reducing the ability of low-income households to purchase a home. Additionally, the County of San Diego fell short on short-term HOPWA utility assistance and emergency winter shelter due to the nature of these programs and their lasting interactions with the COVID-19 pandemic. Utilities companies paused shut off notices for almost two years and utility arrears have been covered by a variety of alternative funding sources. Additionally, the winter shelter program operated by the City of Poway typically relies on congregate shelter options, which have been limited due to COVID capacity requirements.

CR-05 - Goals and Outcomes

The jurisdiction has made the following progress in carrying out its strategic plan and its action plan. 91.520(a)

This section provides an overview that includes goals and accomplishments that were proposed and executed throughout the program year. Goals are 1-year goals identified in the FY 2022-23 Annual Plan. Results are based on actual numbers served and funds drawn during FY 2022-23.

1. **Strategic Goal Name:** Increase affordable housing opportunities across the region for low- to moderate-income and special needs residents.

Goal Description: Increase the availability of affordable, supportive, and livable housing.

Goal Outcomes:

- Pursued and supported Rental Housing Development – Goal: Pursue and support 20 units of affordable housing to be constructed. Results: In Summer 2023, construction for a 100-unit affordable housing development in the City of San Marcos was completed. Of the 100 units, 99 will be affordable to households earning 30% to 80% AMI. The development received a \$2.2 million HOME loan, and a final payment is forthcoming in FY 2023-24.
- Funded homebuyer assistance – Goal: 20 households to be assisted. Results: 5 low-income households were provided financial assistance to purchase their home. Total HOME funds disbursed for homebuyer assistance is \$200,779.
- Provided homeowner rehabilitation – Goal: 30 households to be assisted. Results: 20 low-income households (below 80% AMI) were assisted using \$407,474 in CDBG funds.
- Provided funding for housing and related services – Goal: Provide funding for 2 shared housing clients, 100 resource navigation services, 150 social service referral clients, and 70 fair housing client referrals. Results: Funding provided 27 individuals with resource navigation services, 1,215 clients social service referrals, 236 clients related public services, and 70 fair housing client referrals. Total CDBG funds expended for these public service activities is \$321,809.
- Administered Tenant-Based Rental Assistance – Goal: Assist 80 households. Results: 53 extremely low and low-income (non-homeless) households were provided rental assistance using a total of \$626,810. All households were assisted through the Foster Youth or Family Reunification TBRA programs.

2. **Strategic Goal Name:** Prevent and end homelessness through accessible housing and supportive services

Goal Description: Increase and maintain accessible, available, and supportive homeless shelters and services.

Goal Outcomes:

- Provided homeless prevention and rapid rehousing – Goal: Assist 100 persons. Results: 251 persons assisted. Provided assistance to 18 persons for rapid re-housing and 34 for homeless prevention. Additionally, 199 households were placed in rapid rehousing through the Local Rental Subsidy TBRA program. A total of \$197,147 in ESG funds and \$1,085,759 in HOME funds were expended to support these activities.

- Funded emergency shelter programs – Goal: Assist 400 persons. Results: 509 beds were created for extremely low-income persons were assisted through emergency shelter programs. Total ESG funds expended are \$2,056,417. Total CDBG funds expended are \$52,192.
- Funded winter shelter programs – Goal: Assist 1,100 persons. Results: Assisted 698 persons who are extremely low-income (below 30 percent AMI). Total CDBG funds expended for the winter shelter program is \$582. Further expenditures as reimbursements are expected.
- Supported Homeless Management Information System – Goal: Support 50,000 database clients. Results: Supported 44,374 database clients. A total of \$161,172 in CDBG funds was expended to support HMIS activities.

3. Strategic Goal Name: Enhance community infrastructure and facilities to provide a suitable and sustainable living environment.

Goal Description: Improve the quality, safety, accessibility, and walkability of communities by pursuing public facility improvement and ADA Improvement projects.

Goal Outcomes:

- Funded public facilities and ADA improvements – Goal: Fund 6 infrastructure projects, including ADA and public facilities. All projects either: 1) qualify based on the low to moderate income Census Block Group data and project service area (area benefit) or 2) qualify based on the low to moderate income clientele population served (limited clientele). Based on CDBG regulations, it is presumed that all ADA projects will benefit low-income severely disabled adults. Results: Funded 13 new infrastructure projects, including a total of 4 ADA projects, 8 street/sidewalk projects, and 1 park projects. Total CDBG funds expended for all infrastructure projects are \$1,584,874.

4. Strategic Goal Name: Provide housing and support services for those living with HIV/AIDS

Goal Description: Meet the needs of persons with HIV/AIDS and their families through the provision of housing, health, and support services.

Goal Outcomes:

- Administered Tenant Based Rental Assistance – Goal: Assist 80 households. Results: Assisted 91 Households, 100% of whom are homeless or at-risk of homelessness. Total HOPWA funds expended towards this goal were \$1,253,179.
- Provided permanent housing – Goal: Assist 67 households. Results: Assisted 161 households, including 14 in a chronically ill residential independent living facility. Total HOPWA funds allocated towards this goal were \$533,460.
- Provided transitional or short-term housing – Goal: Assist 158 households. Results: Provided transitional housing to 214 households. Total HOPWA funds allocated towards

this goal were \$1,888,611.

- Supported emergency housing programs – Goal: 120 persons. Results: Assisted 124 households utilizing \$401,799 in HOPWA funds.
- Funded short-term rental, mortgage, or utility assistance – Goal: Assist 240 households. Results: Assisted 60 households with short-term rental, mortgage, or utility assistance. Total HOPWA funds allocated towards this goal were \$105,255.
- Provided Supportive Services – Goal: 560 persons. Results: Assisted 4,435 individuals. Total HOPWA funds utilized were \$3,183,619. Of the 4,435 individuals assisted, 3,624 received service referrals, 351 received alcohol or drug counseling, 346 received nutritional assistance, 301 received medical services, 300 received employment assistance, 287 received life skills training, 256 received mental health services, 200 received case management, 115 received transportation, 103 received education resources, 46 received moving assistance, and 36 received personal assistance or adult daycare services. Please note some individuals received more than one supportive service.

CDBG-Coronavirus

Additionally, the County of San Diego provided public services such as food distribution or homeless prevention, through the CDBG-Coronavirus (CDBG-CV) program. As accomplishments do not align to those set out 2020-2024 Consolidated Plan, CDBG-CV accomplishments are outlined below. All projects must benefit low- to moderate-income households and prepare for, prevent, or respond to the coronavirus pandemic.

CDBG-CV Outcomes:

- Provide emergency food distribution – Results: Assisted 66,258 individuals with emergency food assistance. Total CDBG-CV expended towards this goal were \$2,285,281.
- Provide emergency shelter and homeless prevention services – Results: Provided emergency shelter or homeless prevention services to 727 individuals. Total CDBG- CV expended towards this goal were \$246,970.
- Provide health education and vocational training – Results: Provided health education or vocational training to 917 individuals. Total CDBG-CV expended towards this goal were \$385,088.

4. The County's short-term utility assistance program has been limited due to a pause in utility shut-offs during the COVID-19 pandemic and other available financial assistance.

Description of how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

CDBG funds are used to develop viable communities by providing safe and affordable housing, suitable living environments, and expanded economic opportunities.

Proposals were solicited from CDBG participating cities, residents, community groups, and County departments. CDBG cities also carried out their own public notice and participation processes and forwarded proposals for eligibility confirmation and approval. Eligible requests were referred to County departments for feasibility, cost estimates and, if appropriate, submission of department applications. Proposal review occurred in accordance with HUD requirements and Board approved policies and practices.

Recognizing that resources are limited to help the underserved, HCDS targeted CDBG, HOME, ESG and HOPWA funds to meet gaps in service and housing. CDBG funds supported housing and supportive services, public improvements, and homeless shelters and services.

HOME Consortium funds were used for:

- Tenant-based rental assistance (TBRA).
- Acquisition, rehabilitation, or construction of affordable housing.
- Homebuyer Assistance.

As noted in the 2020-2024 Consolidated Plan rental gaps analysis, the County has a significant unmet need in the provision of affordable rental units to extremely low-income, very low-income and special needs populations. HCDS offered HOME TBRA's to help reduce those gaps.

ESG funds were used to: engage homeless on the street, provide essential services, rapidly re-house, and prevent homelessness.

HCDS consulted with the Regional Taskforce on Homelessness (RTFH), serving as the Continuum of Care (CoC) in establishing ESG program prioritization and use, developing performance standards, evaluating outcomes and developing policies and procedures for the Homeless Management Information System (HMIS); this consultation includes the increased ESG Coronavirus (ESG-CV) funds allocation. ESG funds supported projects within or serving the Urban County and were made available via a Notices of Funding Availability (NOFA) process. NOFA solicitation includes placement on the HCDS website and distribution to CoC providers. The obstacles facing the homeless population closely mirror obstacles to obtaining affordable housing in the San Diego region, as well as the new and significant impacts caused by COVID. The annual 2023 Point in Time Count (PITC) identified 10,264 individuals experiencing homelessness in the region, including 5,171 unsheltered persons and 5,093 sheltered persons.

HOPWA funds were used to assist persons with HIV/AIDS and their families by funding the following activities: housing, supportive services, housing information services, technical assistance, and

administrative expenses. HCDS consulted with stakeholders in determining HOPWA allocation priorities. HCDS administered the HOPWA program for the region as the Alternate grantee to the primary grantee, the City of San Diego.

HCDS intends to continue its collaborative efforts with County departments, non-profit and for-profit organizations, governmental agencies, state agencies, and other stakeholders to address issues within its jurisdiction and the region. These efforts will include discussions of effective policies and procedures, leveraging of resources, sharing of knowledge and expertise and potential collaborative efforts to address community needs.

Narrative

HCDS collects data on racial and ethnic composition throughout the annual action plan year. Data is collected in various formats including sub-recipient CAPERs, data in Sage, approval of individual applications for entitlement funds, semi-annual and quarterly sub-recipient reports.

While all beneficiaries are requested to provide racial and ethnic data, it is voluntary information. Beneficiaries who do not share racial and ethnic information are included in the “Other/Decline to State” category.

Table 3 - Resources Made Available**Narrative****CDBG:**

The CDBG entitlement for FY 2022-23 was \$4,210,628. In addition, FY 2022-23 CDBG program income was estimated at \$1,000,000; actual program income received (which was derived from the City of Poway Residential Rehabilitation Program, the Urban County Residential Rehabilitation Program, the Mobile Home Occupancy Assistance Program and Housing Development Loan Payments/Residual Receipts), totaled \$4,697,686. The total amount of funds committed for all CDBG activities in FY 2022-23, including prior-year carryover funds, was \$10,047,283. The total expenditures (drawn and accrued) for FY 2022-23 were \$9,498,595. Of the \$9,498,595 expended in FY 2022-23, \$4,130,196 was from program income and \$567,490 was from the proceeds of a sale of fire equipment. Therefore, net expenditures for FY 2022-23 were \$4,800,909.

Additionally, the County of San Diego received \$6,862,817 in CDBG-CV funding as a result of the coronavirus pandemic and resulting federal CARES Act. The CDBG-CV total expenditures (drawn and accrued) for FY 2022-23 were \$3,411,534.

CDBG funds are distributed throughout the Urban County, which consists of the unincorporated area of the County, as well as the cities of Coronado, Del Mar, Imperial Beach, Lemon Grove, Poway, and Solana Beach. Each year an effort is made to distribute CDBG funds across the Urban County. No specific census tracts received a concentration of the CDBG funds.

HOME:

HUD allocated \$3,575,146 in HOME funds to HCDS for FY 2022-23. \$1,481,360 was allocated to the HOME Consortium Down Payment and Closing Costs Assistance Program, \$1.2 million was allocated to support continued tenant-based rental assistance activities, \$536,272 was reserved to fund rental housing development activities and 10% (\$357,514) was allocated to administer the program. FY 2022-23 HOME program income was estimated at \$1,000,000; actual program income received from affordable rental housing development and recaptured homebuyer assistance loans totaled \$2,569,778.

The total amount of funds committed for all HOME activities in FY 2022-23, including prior-year carryover funds, was \$21,063,398, as of June 30, 2022. The total expenditures for FY 2022-23 were \$6,356,686. Of the \$6,356,686 expended in FY 2022-23, \$3,591,154 was from program income. The total net expenditures for FY 2022-23 were \$2,765,533. During FY 2022-23, \$2,569,778 was received from program income derived from affordable rental housing development and recaptured homebuyer assistance loans.

ESG:

During FY 2022-23, HCDS received \$369,509 in ESG funding. No program income was generated under the ESG Program. The total amount of funds available for all ESG activities in FY 2022-23, including prior-year carryover funds, was \$468,136. Allocation for program administration was \$27,713. ESG program funds were allocated to three contracts. Interfaith Shelter Network was allocated \$61,498 for Emergency Shelter. Salvation Army was allocated \$149,493 for Emergency Shelter. The People Assisting the Homeless (PATH) was allocated \$130,805 for rapid rehousing. Total ESG expenditures for FY 2022-23 were \$390,416.

Additionally, the County of San Diego received \$8,327,800 in ESG-CV funding as a result of the coronavirus pandemic and resulting federal CARES Act. The ESG-CV total expenditures (drawn and accrued) for FY 2022-23 were \$2,058,156.

HOPWA:

During FY 2022-23, HCDS received \$5,619,991 in HOPWA funding, and \$6,123 of program income was generated under the HOPWA program. The total amount of funds available for all HOPWA activities in FY 2022-23, including prior-year carryover funds, was \$6,894,168.

Allocation for program administration was \$168,599. HOPWA program funds were allocated to eight organizations programing housing, supportive services, and case management for a total of \$4,408,441. An additional \$1,042,951 was allocated to HCDS tenant-based rental assistance and resource identification programs. Total HOPWA expenditures for FY 2022-23 were \$5,875,647.

Additionally, the County of San Diego received \$682,662 in HOPWA-CV funding because of the coronavirus pandemic and resulting federal CARES Act. The HOPWA-CV total expenditures (drawn and accrued) for FY 2022-23 were \$11,065.

HOME-ARP

The County also administers an allocation of HOME – American Rescue Plan (HOME-ARP) funding provided by HUD through the American Rescue Plan Act of 2021. HOME-ARP funding supports rental housing development for individuals at risk of homelessness. The County received \$11,891,028 in one-time HOME-ARP funding, of which \$5,170,717 was made available during FY 22-23. Development projects have been conditionally awarded HOME-ARP funding but have not begun expending. HOME-ARP metrics will be reported once projects have been successfully completed.

Narrative

Not applicable. The County has not designated specific geographic areas within its jurisdiction to target or direct assistance. Entitlement funds are available throughout the Urban County for eligible CDBG and ESG activities, throughout the HOME Consortium for eligible HOME activities and throughout the region for eligible HOPWA activities.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The County is highly engaged in the implementation and refinement of the Coordinated Entry System (CES). This effort is focused on developing a coordinated system to secure and/or retain housing for people experiencing homelessness as well as those at-risk of homelessness. Other active members include philanthropy, private industry, local governments, Public Housing Authorities, non-profits and other stakeholders. These entities are aligning public and private resources to permanently house this vulnerable population. During this reporting period, County staff participated in leadership roles on the: The CoC Advisory Board and the CoC General Membership.

The CoC Advisory Board , which includes HCDS staff and multiple County leaders, is tasked with enhancing the capacity to coordinate and leverage resources for various community sectors of the region.

County staff routinely emphasize to applicants the need to leverage Federal and State funds with local funds in order to stretch the impact of each dollar. These efforts have been fruitful, and projects funded under CDBG, HOME, ESG, and HOPWA have substantially exceeded accomplishments that could be achieved from Federal funds alone. ESG requires a dollar-for-dollar match, which is yearly matched far in excess of the required minimum amount. Although there is no official match requirement in the CDBG program, in many cases other funds, such as private funds received through donors or fundraising activities, commercial loans, gas tax funds, and Park Lands Dedication Ordinance funds, are used to supplement and defray project costs.

Total	210	376

Table 12 – Number of Households Supported

Problems encountered in meeting the goals and outcomes.

The Down Payment and Closing Cost Assistance program aided fewer households than anticipated, however this is largely due to this activity being market driven. The high cost of housing is a critical aspect of the real estate market in San Diego County region. The low supply of housing in relation to the high demand continues to influence sales prices. Annual increases in the sales price of homes located throughout the San Diego County region outpaced increases in the median income of San Diego County residents, thereby reducing the ability of low-income households to purchase a home.

Lastly, the County of San Diego fell short on short-term HOPWA assistance (STRMU) and emergency winter shelter due to the nature of these programs and their interactions with the COVID-19 pandemic. The HOPWA STRMU program provides emergency utility assistance to persons living with HIV/AIDS. Due to the COVID-19 pandemic, SDG&E and other utilities companies paused shut off notices for almost two years. Additionally, utility arrears have been covered by a variety of alternative funding sources. This program has adjusted its goals moving forward. Additionally, the winter shelter program operated in the City of Poway typically relies on congregate shelter options, which have been limited due to COVID capacity requirements.

Outcomes that will impact future annual action plans.

In addition to funding rental housing and homeownership programs, HCDS funds various housing programs that are designed to maintain low-income families, seniors, and disabled persons in their

homes. CDBG and HOME funds are the primary source of funds for these program activities. The continued success of the Urban County Home Repair Program is an ideal example of using strategic planning in developing an annual action plan. The Urban County Home Repair Program provides low interest deferred loans and grants to low-income homeowners and mobile homeowners for eligible home repairs related to the health and safety of the homeowner. This program helps to maintain and upgrade the housing stock. HCDS will continue its efforts to upgrade and preserve existing affordable housing stock through its rehabilitation and rental housing development activities.

Future annual action plans will continue to focus on funding projects such as the Urban County Home Repair Program that promote the County's strategic goal of increasing affordable housing opportunities across the region for low- to moderate-income residents. The goal is measured by increasing the availability of affordable, supportive, and livable housing opportunities.

Table 13 (below) represents persons served through projects identified as Affordable Housing activities, the CDBG Home Repair Program, and the HOME Tenant-Based Rental Assistance Programs and Down Payment Closing Costs Assistance program only.

The table below includes the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Low-income	9	26
Moderate-income	7	7

Table 13 – Number of Persons Served

Narrative Information

HCDS collects data on racial and ethnic composition throughout the annual action plan year. Data is collected in various formats including: the use of HOME Program Activity Set-up and Completion forms, sub-recipient CAPERs, approval of individual applications for entitlement funds, semi-annual and quarterly sub-recipient reports. Data collected includes the number of owner and renter households served which are either extremely low-income, low-income, or moderate-income.

“Worst-case housing needs” are defined as low-income renters who pay more than half of their income for rent, live in seriously substandard housing, this includes homeless people, or people who have been involuntarily displaced. HCDS’ efforts to address “Worst case needs”, as well as the housing needs of persons with disabilities, are covered in Section CR-05, which also includes an evaluation of progress made in providing affordable housing assistance to these populations.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluation of the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The County has consistently been a key regional leader by serving on the board of our HUD designated Continuum of Care (CoC), named the Regional Taskforce on Homelessness (RTFH). Our regional CoC board is composed of 32 occupied seats, of which, three are filled by County representatives. The CoC board operates as an unincorporated association, while the RTFH supports the CoC Board as a separate legal entity, serving as the HUD Collaborative Applicant, and the Administrative Entity for all funding related to the HEARTH Act. States, local governments, private non-profit organizations, and other eligible applicants compete for HUD grant funds through a national selection process. Eligible activities include leasing of facilities to serve the homeless, operating costs, supportive services, planning and coordinated entry programs. Certain activities require local matching funds. Grants are competitive, and applications must meet strict HUD requirements. In the most recent funding cycle, the San Diego City and County CoC received \$33,008,616 to address regional homelessness.

Through the use of the Coordinated Entry System (CES), The County will continue working with the RTFH to address chronic homelessness, by connecting high need individuals and families with valuable resources, that address their unique needs.

The Five CoC regional goals and strategies over the next five years will focus on:

Goal 1: Ending Veteran Homelessness

Goal 2: Ending Youth Homelessness

Goal 3: Reducing Unsheltered Homelessness by 50%

Goal 4: Prevent and end homelessness among older adults

Goal 5: End family homelessness

Addressing the emergency shelter and transitional housing needs of homeless persons

HCDS funds a rotational winter shelter program with CDBG and provides ESG funding for homelessness prevention and rapid rehousing programs.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

Viable employment opportunities are central to the prevention of homelessness. Local agencies, governments and higher education institutions coordinated training and employment services, including services for the general homeless, veterans, youth and disabled. Various one-stop centers offer free training and job placement. Many agencies provided job assistance to the homeless through coordinated case management.

Housing Authorities played a pivotal role assisting with housing challenges by providing rental assistance, first-time homebuyer programs and housing rehabilitation. Section 8 Programs and special-needs TBRA Programs linked individuals and families to various supportive programs and resources. Numerous pamphlets and information sheets were distributed to individuals and agencies that serve the homeless. This assisted in the prevention of homelessness by providing reliable resources for securing housing opportunities.

Efforts to develop comprehensive policies and plans for discharge from public systems of care are being pursued strategically and included:

Foster Care

The Foster Care System discharge planning protocol included the following:

- A Transitional Independent Living Plan (TILP) is developed for each youth at the age of 16 and is updated, at minimum, bi-annually.
- Assessment of needs is completed using the Child and Adolescent Needs and Strengths (CANS) assessment, at minimum, bi-annually.
- Convening of Child and Family Team (CFT) meetings to discuss needs, services, and supports with the youth and their support network.
- Review of reports about the youth's dependency case, including family and placement histories and the whereabouts of any siblings who are in the juvenile court.
- Anticipated termination date of court jurisdiction.
- Assessment of health care plans (if not already covered by Medi-Cal).
- Preparation of a legal document portfolio: Social Security card, birth certificate, driver's license and/or DMV I.D. card, copies of parent(s) death certificate(s), and proof of citizenship/residence status.
- Creation of a housing plan including referral to transitional housing or assistance in securing other housing.
- Employment or other financial support plans.
- Educational/vocational plans including financial aid, where appropriate.

- Provide referrals to services and supports which help youth to remove barrier to self-sufficiency (e.g., mental health, substance use, work readiness, etc.)

The Department of Social Services, Independent Living Program Policy Unit, Child and Youth Permanency Branch protocol contains the process identified by the State. When appropriate, youth exit foster care with assistance. Independent living skills and subsidized housing programs assist transition-age youth.

Homeless Solutions and Equitable Communities

HHSA's Department of Homeless Solutions and Equitable Communities (HSEC) was established in July 2021 with the vision of providing resources and support to address the needs of traditionally under-resourced and vulnerable groups, immigrant and refugee communities, and people at-risk of experiencing homelessness. The Department was created to achieve better coordination of existing and new County homeless and equitable community efforts and serve as a central point of collaboration for outside partners to ensure equity among all San Diegans. HSEC's Office of Homeless Solutions (OHS), one of the department's three offices, focuses on building a coordinated and robust homeless services system, increasing street outreach and case management, and cross-threading of programs to prevent those at risk of homelessness from becoming homeless.

Homelessness programs and strategies have become significant investment for the County of San Diego. In November 2021, the Board of Supervisors approved the County's first Framework for Ending Homelessness. Since then, OHS has been able to work collaboratively to secure significant funding sources totaling approximately \$30 million in support of this framework. HSEC-OHS works in collaboration with community organizations, local jurisdictions, and across County departments to provide vital behavioral, public health, and medical services, housing navigation, and linkages to self-sufficiency programs. Additionally, OHS continues to engage in efforts to decriminalize homelessness and advance racial equity through our homeless delivery systems.

Behavioral Health

Behavioral Health Services (BHS) are funded through the Mental Health Services Act (MHSA), which has provisions to serve persons with serious mental illness who are experiencing homelessness and who may have a co-occurring condition of substance use. Treatment and an array of supportive housing services are provided in Full-Service Partnership/Assertive Community Treatment (FSP/ACT) programs, strength-based case management programs and housing navigation and support programs for clients enrolled in outpatient mental health clinic services. Supportive housing includes short-term, transitional, and permanent supportive housing. In addition, persons experiencing homelessness can access multiple BHS services to include mental health services, substance use services, peer support services, crisis services and long-term care. In April 2016, BHS began implementation of POFA, which is a countywide initiative to serve persons with serious mental illness who are experiencing homelessness. POFA provides outreach, treatment and housing supports to this population. Treatment and housing support services are paired with housing subsidies from different housing entities, to include HCDS.

Corrections

HCDS collaborates with the San Diego Sheriff's Department (SDSD) in providing housing information in the community. SDSD has Correctional Counselors and Mental Health Clinicians who provide reentry information to incarcerated people upon release which includes housing, medical, mental health, and

substance use treatment in the community. SDSA staff encourage people to use 211 as an information source when they are in the community and link, coordinate and connect people in custody to community partners who have access to housing resources prior to release. SDSA participates in the Point in Time Count to survey people who are in jail.

HSA's Office of Homeless Solutions works closely with public safety partners in the implementation of Community Care Coordination (C3). The C3 project provides intensive care coordination and housing navigation to people who are frequently incarcerated, homeless, and have serious behavioral health conditions. The goals of the projects are to increase the number of days the population is in the community, house them, and connect them to appropriate physical and behavioral health services to meet their needs. Due to the success of the C3 model, there was a collaborative decision to expand services offered through C3 to provide similar services to veterans in custody. Community Care Coordination for Veterans (C3V) connects veterans to resources in the community to meet their needs for a successful reentry.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

As outlined previously and in the Consolidated Plan, the County participated in the regional development of the Coordinated Entry System. Staff roles included active participation in both leadership and advisory capacities. The initiative is focused on developing a homeless coordinated assessment and housing placement system region wide. Other active members included philanthropy, private industry, the City of San Diego, local non-profits, and other stakeholders. These entities worked to align public and private resources to permanently house homeless person(s).

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

Introduction:

The HACSD owns and administers four public housing rental complexes located in the City of Chula Vista, totaling 121 units, which include four units (one for each complex) set aside for managers. These units are available to low-income families, senior citizens, and/or disabled persons:

- *Dorothy Street Manor (22 family units located in Chula Vista)*
- *L Street Manor (16 family units located in Chula Vista)*
- *Melrose Manor Apartments (24 family units located in Chula Vista)*
- *Towncentre Manor (59 senior units located in Chula Vista)*

HACSD received \$375,340 in Capital Funds in 2023 for the modernization and operation of the four public housing developments. The contracted property management company carried out property

management, routine maintenance, and tenant eligibility activities.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

In 2020, the HACSD formalized a Resident Advisory Board (RAB) consisting of seven (7) appointed voting members and two (2) alternates. The RAB meets quarterly to discuss updates to the HACSD Agency Plan, including information about operational policies and recommendations, as well as to provide updates on the budget and public housing capital plans. The RAB is comprised of public housing and Section 8 Housing Choice Voucher Program participants. Members are appointed to terms of three (3) fiscal years and attend meetings in person at Housing and Community Development Services. RAB meetings are open to the public and participants may attend in person or virtually. Applications to become a member of the RAB are available on the HACSD website and along with open recruitments to fill vacancies. In addition to the RAB meetings, a special capital plan meeting open to all public housing residents is held once a year. The HACSD currently has two tenant commissioners (appointed on June 13, 2023), who are participants of the Section 8 Housing Choice Voucher Program. The two tenant commissioners each serve two-year terms on the HACSD Board of Commissioners. One seat is designated as a senior tenant commissioner seat and must be filled by an FSS eligible tenant who is 62 years of age or older.

The Consortium's First-Time Homebuyer Program is available to qualified residents of public housing and other families assisted by public agencies. HOME funds that are used for this program are intended to provide homeownership assistance for such residents, tenants, and families. The homebuyer education component of the program helped assisted families to attain and maintain homeownership.

Actions taken to provide assistance to troubled PHAs

Not applicable.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment.

The County and individual cities have little influence over market constraints but can provide incentives or assistance to overcome the impacts of market constraints. Major governmental constraints to affordable housing development include land use policies governed by the Land Use Element of each jurisdiction's General Plan; zoning and development codes; development and planning fees imposed by the County and individual cities; and growth management policies.

The County's Housing Element was adopted by the Board of Supervisors on July 14, 2021, pursuant to State Housing Element Law. This Housing Element was written to provide long-range policy direction consistent with the General Plan Planning Horizon, combined with short-term implementation of programs for the current housing element cycle. The County's 2021 General Plan amendment provided for the adoption of zoning to implement the land use designations assigned by the Housing Element. The Housing Element is a dynamic document that is reviewed annually and periodically updated to respond to changing

community needs.

The County's Housing Element contains an inventory of vacant residential sites in the unincorporated area, along with the property's assigned density and zoning. The Housing Element shows that there is adequate housing capacity to meet the unincorporated County's share of the Regional Housing Needs Allocation (RHNA).

As part of the General Plan, the Housing Element implements programs to increase affordable and inclusionary housing options, such as the Community Benefit Strategy program, which explores tools used to create amenities in neighborhoods of lower resources and generate funding for neighborhood improvements. Additionally, the Housing Element supports density bonus programs, as well as mechanisms to promote the production of housing for lower-income, moderate-income and special-needs populations, which includes alternative affordable housing options, such as the development of farm worker housing, second dwelling units, manufactured or mobile homes, shared housing and employee workforce housing.

Housing Element Goals include the following:

- Housing Development and Variety.
- Neighborhoods that Respect Local Character.
- Housing Affordability for all Economic Segments.
- Affordable Housing Preservation.
- Constraints on Housing Development.
- Delivery of Housing Services.

The County will continue to collaborate with developers and non-profit organizations to support the development of affordable housing. To achieve this objective, County Housing Element policies have been recommended to make financial resources available to non-profit entities. The 2021- 2029 Housing Element can be obtained from the County's Department of Planning and Development Services' website at <http://www.co.san-diego.ca.us/pds/generalplan.html>.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

CDBG funds were primarily used to address public facility deficiencies in lower-income neighborhoods and for services related to housing and homelessness support/prevention. Proposals for community improvements were received from residents, community-based organizations, and County departments. The highest priority proposals were recommended for inclusion in the Annual Funding Plan. The County facilitated community revitalization meetings on a regular basis to discuss community needs and problem-solve their resolutions. In addition, HCDS's annual community meeting and interactive presentations offered residents the opportunity to submit requests for public improvements to be funded through the CDBG program. The main obstacle to meeting all the identified community needs is limited funding. Given the funding challenge, HCDS plans to continue the above actions to best address underserved needs.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

HCDS continued to support lead-based paint hazard control efforts in compliance with lead-based paint

reduction requirements in all housing activities covered by Sections 1012 and 1013 of the Residential Lead-Based Paint Hazard Reduction Act of 1992, as well as the Lead-Safe Housing Rule under 24 CFR Part 35. During the years since the regulations took effect, the Urban County Home Repair Program and HCDS's Affordable Housing Development Program have carried out lead assessment and reduction practices as required. Any property built prior to 1978 must undergo lead paint testing and, if lead hazards are found, those hazards must be eliminated as a requirement for participation in the programs.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The HACSD administered a Family-Self-Sufficiency (FSS) Program for Housing Choice Voucher Program participants. Participating families sign five-year contracts of participation and work with program staff to develop employment-related goals. As the families achieve their goals, increase their incomes, and pay more of their rents, the HACSD saves money by subsidizing less rent. The savings are set aside in escrow accounts for the families. If the families reach their goals, they are eligible to receive that money. Participating families receive referrals and resource information to assist them in meeting their goals. The FSS Program also offers scholarships to participants who are attending two- or four-year colleges, participating in vocational training or working toward their GEDs. At the end of FY 2022-23, 93 families were actively participating in the FSS program. Ten families successfully met their goals in FY 2022-23 and received an average escrow payout of \$20,211.

HCDS is committed to continuing its Urban County Home Repair Program, which assists low-income homeowners with health and safety repairs to their residences. This program provides assistance to homeowners, many living in poverty, to help enable them to remain in their homes. While this program does not directly increase incomes, it contributes additional resources necessary for stable housing, which is often critical in allowing low-income families to seek educational and employment opportunities vital in attaining economic self-sufficiency.

HCDS is committed to continuing its tenant-based rental assistance programs to assist, in partnership with HHSA, foster youth who are aging out of the system and families who have developed the necessary skills and stability to reunite with their children and maintain stable households. Also, HCDS intends to continue to fund the Cold Weather Voucher Program, which provides temporary shelter during times of inclement weather and offers services to achieve stability and permanent housing.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The institutional structure identified in the Consolidated Plan included a coalition of various agencies of local government, non-profits and private entities involved in carrying out a range of housing and supportive services programs. HCDS continued to play a significant role in regional housing and homeless issues. HCDS participated in intergovernmental activities that include the Regional Task Force on the Homeless, City/County Reinvestment Task Force, San Diego Regional Alliance for Fair Housing, Regional Affirmatively Furthering Fair Housing (AFFH) (formerly Assessment of Impediments to Fair Housing Choice), Joint City/County HIV Housing Committee, Urban County CDBG Program, CoC Governance Board, CoC general membership, CoC Governance sub-committee, and HOME Consortium. HCDS will continue to work with partner agencies to address the region's issues.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

As discussed above, HCDS participated in various intergovernmental activities that include multiple partnerships. HCDS plans to continue the coordination efforts in FY 2023-24.

Actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

As discussed above, HCDS participated in various intergovernmental activities that include the Regional Task Force on the Homeless, City/County Reinvestment Task Force, San Diego Regional Alliance For Fair Housing, Regional Analysis of Impediments to Fair Housing Choice, Fair Housing testing (which included testing categories identified by the aforementioned Regional Assessment of Impediments), Joint City/County HIV Housing Committee, Urban County CDBG Program, RTFH Governance Board, RTFH general membership, Rapid Rehousing Learning Collaborative, and HOME Consortium. HCDS plans to continue the coordination efforts in FY 2023-24. The San Diego Regional Alliance for Fair Housing completed the Regional Analysis of Impediments to Fair Housing Choice for the FY 2020-2021 to FY 2024-2025.

CR-40 - Monitoring 91.220 and 91.230

Description of the standards and procedures that will be used to monitor activities carried out in furtherance of the plan and will be used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements.

At the beginning of the fiscal year, HCDS conducted the annual risk assessment. The assessment reviewed several contractor or sub-recipient factors, such as the annualized contract amount, target population for services, experience in providing the same or similar services, quality of prior services provided in other contracts, etc. Additionally, HCDS developed a monitoring plan as a result of the risk assessment process, which included a combination of desk and on-site monitoring. Federal programs monitored include CDBG, HOME, HOPWA, ESG, Neighborhood Stabilization Program (NSP), in addition to local programs such as the Innovative Housing Trust Fund, Redevelopment, and Density Bonus.

HCDS ensures long term compliance with program requirements by providing monitoring result letters to the contractors and sub-recipients. Corrective action measures were implemented with proof of satisfactory completion necessary to close out the annual monitoring process. These actions were undertaken to ensure overall compliance during the affordability period and/or were undertaken to ensure compliance during the contract term.

Citizen Participation Plan 91.105(d); 91.115(d)

Description of the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

As outlined in the Consolidated Plan, HCDS carried out extensive efforts to broaden citizen participation of English and Spanish speaking residents, lower-income residents, and those with special needs through a variety of media including flyers, announcements, emails, letters, meetings, web-based presentations, and English, Arabic, and Spanish-language surveys.

County HCDS took several actions in order to broaden and maximize citizen participation in the development of the FY 2022-23 Annual Plan. After public notification through electronic and written mailings, social media, a web-site email notification (web-blast), and a press release, seven citizen participation meeting were held, and an interactive presentation was made available on-line to interested residents and stakeholders. In addition, participating cities held their own citizen participation activities. Residents and stakeholders had the opportunity to comment at a public hearing during plan preparation and at a public hearing held to approve the proposed plan. At the beginning of each of the two 30-day public comment periods, notices were published in seven local newspapers, the *San Diego Union Tribune*, the *Voice and Viewpoint of San Diego* (English), *El Latino* (Spanish), *NGUOI VIET News* (Vietnamese), *Asian Journal* (Tagalog), *Beirut Times* (Arabic), and the *Saigon Times* (Chinese). Online public announcements were shared on the HCDS website in the aforementioned languages as well as in Dari, Farsi, and Somali.

Comments received from residents via public meetings and surveys were evaluated in light of information contributed by other stakeholders and objective data derived from sources such as HUD's CPD maps, the U.S. Census Bureau and 2-1-1 San Diego. In its totality, along with the County's own

goals, as well as limitations posed by factors outside of the County's control, a solid strategic framework was established for the implementation elements of the Consolidated Plan. Information received from residents was generally consistent with other data sources.

CR-45 - CDBG 91.520(c)

Description of the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

HCDS did not change its program objectives as a result of its experiences. HCDS remains committed to its Consolidated Plan Objectives which are: 1) Increase affordable housing opportunities, 2) Prevent and end homelessness, 3) Enhance community infrastructure, and 4) Provide housing and supportive services for those living with HIV/AIDS.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?	No

CR-50 - HOME 91.520(d)**Explanation of the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations**

The affordable housing properties underwent Housing Quality Standards (HQS) Inspections as required, and all units passed or were brought into compliance once repairs were completed. In addition, the affordable housing properties underwent annual on-site monitoring or desk monitoring for the year. The most common examples of items discovered during monitoring include late submission of Annual Performance Reports and over charging rent of rent-restricted units to the low-income public.

Assessment Summary of the jurisdiction's affirmative marketing actions for HOME units. 92.351(b)

As part of the monitoring process, all projects are required to demonstrate that they are administering their property in compliance with all Fair Housing Laws and free from discrimination. Verification of compliance includes copies of management plans and vacancy listings that contain language notifying the public that all operations will be administered without discrimination against any protected class.

During program year 2022, a total of \$2,569,778 in program income was received from affordable rental housing developments and recaptured homebuyer assistance loans, including \$750,423 from the DCCA program. \$3,591,154 in prior year program income was utilized as follows: \$200,779 for HOME DCCA program, \$2,638,870 for the HOME Affordable housing program, \$172,504 for HOME Admin, and \$579,001 for the Local Rental Subsidy Program.

Other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)

All actions undertaken by HCDS under the HOME Program are listed in Section CR-05 of this report.

CR-55 - HOPWA 91.520(e)**Identify the number of individuals assisted and the types of assistance provided.**

Table for report on the one-year goals for the number of households provided housing through the use of HOPWA activities for: short-term rent, mortgage, and utility assistance payments to prevent homeless of the individual or family; tenant-based rental assistance, and units provided in housing facilities developed, leased, or operated with HOPWA funds.

Number of Households Served Through:	One-year Goal	Actual
Short-term rent, mortgage, and utility assistance payments	240	60
Tenant-based rental assistance	80	91
Units provided in transitional housing facilities developed, leased, or operated with HOPWA funds	278	325
Units provided in permanent housing facilities developed, leased, or operated with HOPWA funds	67	161

Additional detailed information is available in Exhibit 4. HOPWA CAPER report.

CR-58 – Section 3**Narrative**

Identify the number of individuals assisted and the types of assistance provided.

The Section 3 program requires that in certain circumstances, recipients of HUD financial assistance should provide training and employment opportunities for low-income and very low-income residents to the greatest extent possible. These guidelines apply to large construction projects. The below table describes these activities, highlighting the Total Section 3 hours, which represents any labor hours done by a low-income person, and the “Targeted Section 3 Worker Hours,” which represents workers employed by a business primarily owned by or employing low-income people.

Total Labor Hours	CDBG	HOME	ESG	HOPWA	HTF
Total Number of Activities	2	1	0	0	0
Total Labor Hours	1,717	40,623	0	0	0

HCDS collaborates with the RTFH and other local ESG entitlement jurisdictions to continue to build upon the assessment and evaluation instruments developed by the region for the ESG Program. The RTFH, as the CoC entity, is responsible for assisting with the evaluation of ESG project performance. This is accomplished through the RTFH's HMIS lead during the compiling of data for the Annual Housing Assessment Report, as well as through HCDS's monitoring of monthly claims in comparison with quarterly reports.

HCDS monitors grant activities to ensure compliance with program requirements by conducting onsite monitoring visits and desk reviews in conformance with HUD monitoring guidelines. All ESG contracts specify reporting requirements. Quarterly and Annual Progress Reports that include project accomplishments, expenditures, anticipated goals and accomplishments, activities underway, information on families assisted and project outcomes are reviewed to ensure programs are producing effective measurable results and to ensure compliance with program regulations. In addition, HCDS provides ongoing technical assistance throughout the year, and works with the providers, as well as the local HMIS lead, to ensure accurate data collection.

CR-75 – Expenditures

ESG recipients are directed by HUD not to enter data in these tables. Effective October 1, 2019, ESG recipients must report ESG expenditure data using the newly developed Sage Homeless Management Information System (HMIS) Reporting Repository which is subsequently submitted to HUD. Project Outcomes

Project outcomes are required for all CAPERS where the program year start date is 1-1-2021 or later. This form replaces the narrative in CR-70 of the eCon Planning Suite.

From the Action Plan that covered ESG for this reporting period copy and paste or retype the information in Question 5 on screen AP-90: "Describe performance standards for evaluating ESG."

The County of San Diego Housing and Community Development Services (HCDS) collaborates with the Regional Task Force on Homelessness (RTFH) and other local ESG entitlement jurisdictions to continue and build upon the assessment and evaluation instruments developed by the region for the previously funded Homeless Prevention and Rapid Re-housing Program (HPRP). The RTFH, as the CoC entity, is responsible for assisting with the evaluation of ESG project performance.

HCDS monitors grant activities to ensure compliance with program requirements by conducting onsite monitoring visits and desk reviews in conformance with HUD monitoring guidelines. All ESG contracts specify reporting requirements. Quarterly and Annual Progress Reports that include project accomplishments, expenditures, anticipated goals and accomplishments, activities underway, information on families assisted and project outcomes are reviewed to ensure programs are producing effective measurable results and to ensure compliance with program regulations. In addition, HCDS provides ongoing technical assistance throughout the year.

Based on the information from the Action Plan response previously provided to HUD:

1. Briefly describe how you met the performance standards identified in A-90 this program year. If they are not measurable as written type in N/A as the answer.

County HCDS meets the performance standards identified in the A-90. The San Diego ESG entitlement area, "ESG Area", including the County, works diligently to manage all resources in the most effective and efficient manner. Because the ESG Area coordinates efforts with the RTFH, ESG programs leverage resources of various transitional housing, emergency shelter and supportive services providers from throughout the region. Additionally, the ESG Areas and RTFH have established working relationships with County HHSA, which administers state funded public benefits; the Veterans Administration, which jointly administers VASH Vouchers with local Housing Authorities; and many other services. Coordinated efforts include a wide variety of homeless services agencies that are members of the RTFH, public housing authorities, and County HHSA (public benefits, homeless prevention services, healthcare, outreach education and referral, social services, case management and Mental Health Services Act resources).

By coordinating with these agencies and many others, the ESG Area works to address the needs of the clients. Under HEARTH, ESG programs must participate in the coordinated assessment system as established by the local CoC. The use of a community/county-wide system will allow the ESG Area and local service providers to reduce and hopefully prevent the incidences of homelessness in the region.

2. Briefly describe what you did not meet and why. If they are not measurable as written type in N/A as the answer.

N/A. County HCDS met all of its performance standards.

OR

3. If your standards were not written as measurable, provide a sample of what you will change them to in the future? If they were measurable and you answered above type in N/A as the answer.

NA

CAPER Aggregator Unsubmitted 2.0

Pre HUD submission report - Aggregates data from subrecipient CAPERS by selected criteria

If you attempt to pull an entire CAPER, especially aggregating over many ESGs, you may have to wait several minutes for the result. Use the "Email me" button to run the report and email you the results when it's complete. You can navigate to other pages in Sage while that's running.

"Year" means the year of the start date for the submission.

The Aggregator uses data from reports with a status of In Progress or Returned.

Consolidated APR/CAPER – Grantee Workbook

OMB Number 2506-0133 (Expiration Date: 12/31/2024)

Overview

The public reporting burden for this collection of information is estimated to average 40.0 hours, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

Performance Reports for HOPWA formula grantees and competitive grantees provide HUD with annual information to support program evaluation and measure program beneficiary outcomes related to maintaining housing stability; preventing homelessness; and improving access to care and support. This collection of information consolidates the information in the APR and CAPER reports and clarifies reporting requirements, which will allow HUD's Office of HIV/AIDS Housing to better respond to data calls from Congress and make better program decisions based on more relevant grantee annual data. Reporting is required for all HOPWA grantees pursuant to 42 U.S.C. § 12911; 24 CFR §§ 574.520(a) and (b); 24 CFR § 91.520(f). The information collected regarding grantees, their respective project sponsors, and the identities of HOPWA program participants will remain confidential pursuant to 42 U.S.C. § 12905(e) and 24 § CFR 574.440.

Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions to reduce this burden, to Colette Pollard, Reports Management Officer, Department of Housing and Urban Development, 451 7th Street SW, Room 4176, Washington, DC 20410-5000. When providing comments, please refer to OMB Control No. 2506-0133. HUD may not conduct and sponsor, and a person is not required to

HOPWA formula grantees are required to submit a Performance Report demonstrating coordination with other Consolidated Plan resources. HUD uses the Performance Report data to obtain essential information on grant activities, project sponsors, housing sites, units and households, and beneficiaries (which includes racial and ethnic data on program participants). The Consolidated Plan Management Process tool (CPMP) provides an optional tool to integrate the reporting of HOPWA specific activities with other planning and reporting on Consolidated Plan activities.

In addition, grantees must comply with the Federal Funding Accountability and Transparency Act 2006 (Public Law 109-282), which requires grant recipients to provide general information for all entities (including

HOPWA competitive grantees are required to submit a Performance Report for each operating year in which HOPWA grant funds were expended. Information on each competitive grant is to be reported in a separate Performance Report. Grantees approved for "Other Activities", as detailed in their grant agreement, are requested to report on their unique program accomplishments.

In addition, grantees must comply with the Federal Funding Accountability and Transparency Act 2006 (Public Law 109-282), which requires grant recipients to provide general information for all entities (including

Continued-use Periods. Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation of a building or structure are required to operate the building or structure for HOPWA-eligible beneficiaries for a ten (10) years period. If no further HOPWA funds are used to support the facility, in place of completing the "CAP DEV" tab in the Performance Report Worksheet, the grantee must complete an Annual Report of Continued Project Operation throughout the required use periods. This report is found on the "STEWARDSHIP" tab of this workbook. The required use period is three (3) years if the rehabilitation is non-

<p>Record Keeping. Names and other individual information must be kept confidential, as required by 24 CFR 574.440. However, HUD reserves the right to review the information used to complete this report for grants management oversight purposes, except for recording any names and other identifying information. In the case that HUD must review client-level data, no client names or identifying information will be retained or recorded. Information is reported in aggregate to HUD without personal identification. Do not submit client or personal</p>
<p>HMIS. In connection with the development of the Department's standards for Homeless Management Information Systems (HMIS), universal data elements are being collected for clients of <u>HOPWA-funded homeless assistance projects</u>. These project sponsor records would include: Name, Social Security Number, Date of Birth, Ethnicity and Race, Gender, Veteran Status, Disabling Conditions, Residence Prior to Program Entry, Zip Code of Last Permanent Address, Housing Status, Program Entry Date, Program Exit Date, Personal Identification Number, and Household Identification Number. These are intended to match the elements under HMIS. The HOPWA program-level data elements include: Income and Sources, Non-Cash Benefits, HIV/AIDS Status, Services Provided, Housing Status or Destination at the end of the operating year, Physical Disability, Developmental Disability, Chronic Health Condition, Mental Health, Substance Abuse, Domestic Violence, Medical Assistance, and T-cell Count. Other HOPWA projects sponsors may also benefit from collecting these data elements. HMIS local data systems must maintain client confidentiality by using a closed system in which medical information and HIV status are only shared with providers that have a direct involvement in the client's case management,</p>
<p>Formula Operating Year. HOPWA formula grants are annually awarded for a three-year period of performance with three operating years. The information contained in this Performance Report must represent a one-year period of HOPWA program operation that coincides with the grantee's program year; this is the operating year. More than one HOPWA formula grant awarded to the same grantee may be used during an operating year and the Performance Report must capture all formula grant funding used during the operating year. Project sponsor accomplishment information must also coincide with the operating year this Performance Report covers. Any change to the period of performance requires the approval of HUD by amendment, such as an extension for an</p>
<p>Competitive Operating Year. HOPWA competitive grants are awarded for a three-year period of performance with Performance Reports submitted for each of the three operating years. The information contained in this Performance Report should reflect the grantee's operating year with the beginning date determined at the time the grant agreement is signed. Project sponsor accomplishment information must coincide with the operating year this Performance Report covers. Any change to the period of performance requires the approval of HUD by amendment, such as an extension for one additional operating year. A PSH renewal/replacement grant start date would be coordinated with the close out of the existing grant.</p> <p>Grantees with an approved extension period of less than 6-months must submit the Performance Report for the third year of the grant term at the end of the approved extension period and incorporate data from the additional months. Grantees with an approved extension period of 6-months or more must turn in a</p>
<p>Filing Requirements. Within 90 days of the completion of each operating year, grantees must submit their completed Performance Report to the CPD Director in the grantee's State or Local HUD Field Office, and to the HOPWA Program Office: at HOPWAReports@hud.gov. Electronic submission to HOPWA Program office is preferred. If electronic submission is not possible, please send an email to the HOPWA@hud.gov email inbox.</p>
<p>Definitions</p>
<p>Achieved Viral Suppression: When the load or volume of HIV virus present in a person's blood is measured at less than 200 copies per milliliter of blood.</p>
<p>Adjustment for Duplication: Enables the calculation of unduplicated output totals by accounting for the total number of households or units that received more than one type of HOPWA assistance in a given service category such as HOPWA Subsidy Assistance or Supportive Services.</p>

Administrative Costs: Costs for general management, oversight, coordination, evaluation, and reporting. By statute, grantee administrative costs are limited to 3% of the total grant award, to be expended over the life of the grant. Project sponsor administrative costs are limited to 7% of the portion of the grant amount they receive.
Anti-Retroviral Therapy: The combination of drugs used to treat HIV.
Area Median Income: The Department of Housing and Urban Development (HUD) sets income limits that determine eligibility for assisted housing programs including the HOPWA program. HUD develops income limits based on Median Family Income estimates and Fair Market Rent area definitions for each metropolitan area, parts of some metropolitan areas, and each non-metropolitan county. AMI values vary by location and are
Beneficiary(ies): All members of a household (with or without HIV) who benefitted from HOPWA assistance during the operating year, NOT including the HOPWA eligible individual (see definition).
Chronically Homeless Person: An individual or family who is homeless and lives or resides as an individual or family who a) lives or resides in a place not meant for human habitation, a safe haven, or in an emergency shelter; b) has been homeless and living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter continuously for at least one year or on at least four separate occasions in the last three years; and c) has an adult head of household (or a minor head of household if no adult is present in the household) with a diagnosable substance use disorder, serious mental illness, developmental disability (as defined in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 U.S.C. 15002), post-traumatic stress disorder, cognitive impairments resulting from a brain injury, or chronic physical illness or disability, including the co-occurrence of two or more of those conditions. Additionally, the statutory definition includes as chronically homeless a person who currently lives or resides in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital or other similar facility, and has resided there for fewer than 90 days if such person met the other criteria for homeless prior to entering that
Disabling Condition: Evidencing a diagnosable substance use disorder, serious mental illness, developmental disability, chronic physical illness, or disability, including the co-occurrence of two or more of these conditions. In addition, a disabling condition may limit an individual's ability to work or perform one or more activities of daily living. An HIV/AIDS diagnosis is considered a disabling condition.
Facility-Based Housing Assistance: All eligible HOPWA Housing expenditures for or associated with supporting facilities including community residences, SRO dwellings, short-term facilities, project-based rental units, master leased units, and other housing facilities approved by HUD.
Faith-Based Organization: Religious organizations of three types: (1) congregations; (2) national networks, which include national denominations, their social service arms (for example, Catholic Charities, Lutheran Social Services), and networks of related organizations (such as YMCA and YWCA); and (3) freestanding religious organizations, which are incorporated separately from congregations and national networks.
Grassroots Organization: An organization headquartered in the local community where it provides services; has a social services budget of \$300,000 or less annually, and six or fewer full-time equivalent employees. Local affiliates of national organizations are not considered "grassroots."
HOPWA Eligible Individual: The one (1) low-income person with HIV/AIDS who qualifies a household for HOPWA assistance. This person may be considered "Head of Household." When the Performance Report asks for information on eligible individuals, report on this individual person only. Where there is more than one person with HIV/AIDS in the household, the additional PWH/A(s), would be considered a beneficiary(s).
HOPWA Housing Information Services: Services dedicated to helping persons living with HIV/AIDS and their families to identify, locate, and acquire housing. This may also include fair housing counseling for eligible persons who may encounter discrimination based on race, color, religion, sex, age, national origin, familial status, or
HOPWA Housing Subsidy Assistance Total: The unduplicated number of households receiving housing subsidies (TBRA, STRMU, Permanent Housing Placement services and Master Leasing) and/or residing in units of facilities dedicated to persons living with HIV/AIDS and their families and supported with HOPWA funds during the

Household: A single individual or a family composed of two or more persons for which household incomes are used to determine eligibility and for calculation of the resident rent payment. The term is used for collecting data on changes in income, changes in access to services, receipt of housing information services, and outcomes on achieving housing stability. Live-In Aides (see definition for Live-In Aide) and non-beneficiaries (e.g., a shared housing arrangement with a roommate) who resided in the unit are not reported in the Performance Report.
Housing Stability: The degree to which the HOPWA project assisted beneficiaries to remain in stable housing during the operating year.
Improved HIV Viral Load: A reduction in the load or volume of HIV present in the HOPWA eligible individual's blood at the end of the reporting period compared to the beginning of the reporting period. Most PLWHA who are engaged in medical care have routine laboratory tests. The HOPWA eligible individual's latest laboratory
In-kind Leveraged Resources: These are additional types of support provided to assist HOPWA beneficiaries such as volunteer services, materials, use of equipment and building space. The actual value of the support can be the contribution of professional services, based on customary rates for this specialized support, or actual costs contributed from other leveraged resources. In determining a rate for the contribution of volunteer time and services, use the criteria described in 2 CFR 200. The value of any donated material, equipment, building, or lease should be based on the fair market value at time of donation. Related documentation can be from recent bills of sales, advertised prices, appraisals, or other information for comparable property similarly situated.
Leveraged Funds: The amount of funds expended during the operating year from non-HOPWA federal, state, local, and private sources by grantees or sponsors in dedicating assistance to this client population. Leveraged funds or other assistance are used directly in or in support of HOPWA program delivery.
Live-In Aide: A person who resides with the HOPWA Eligible Individual and who meets the following criteria: (1) is essential to the care and well-being of the person; (2) is not obligated for the support of the person; and (3) would not be living in the unit except to provide the necessary supportive services. See Code of Federal Regulations Title 24 Part 5.403 and the HOPWA Grantee Oversight Resource Guide for additional reference.
Master Leasing: Applies to a nonprofit or public agency that leases units of housing (scattered-sites or entire buildings) from a landlord and subleases the units to homeless or low-income tenants. By assuming the tenancy burden, the agency facilitates housing of clients who may not be able to maintain a lease on their own due to
Medically Assisted Living Facilities: HOPWA facility-based housing that assists residents with most or all activities of daily living, such as meals, bathing, dressing, and toileting. Regular medical care, supervision, and
Nonbinary: A gender other than singularly female or male.
Operating Costs: Applies to facility-based housing only, for facilities that are currently open. Operating costs can include day-to-day housing function and operation costs like utilities, maintenance, equipment, insurance, security, furnishings, supplies and salary for staff costs directly related to the housing project but not staff costs
Outcome: The degree to which the HOPWA assisted household has been enabled to establish or maintain a stable living environment in housing that is safe, decent, and sanitary, (per the regulations at 24 CFR 574.310(b)) and to reduce the risks of homelessness and improve access to HIV treatment and other health care and support.
Output: The number of units of housing or households that receive HOPWA assistance during the operating year.
Permanent Housing Placement: A supportive housing service that helps establish the household in the housing unit, including but not limited to reasonable costs for security deposits not to exceed two months of rent costs.
Program Income: Gross income directly generated from the use of HOPWA funds, including repayments. See grant administration requirements on program income at 2 CFR 200.307.
Project-Based Rental Assistance (PBRA): A rental subsidy program that is tied to specific facilities or units owned or controlled by a project sponsor. Assistance is tied directly to the properties and is not portable or transferable.
Project Sponsor Organizations: Per HOPWA regulations at 24 CFR 574.3, any nonprofit organization or governmental housing agency that receives funds under a contract with the grantee to provide eligible housing and other support services or administrative services as defined in 24 CFR 574.300. Project Sponsor organizations are required to provide performance data on households served and funds expended.

SAM: All organizations applying for a Federal award must have a valid registration active at sam.gov. SAM (System for Award Management) registration includes maintaining current information and providing a valid
Short-Term Rent, Mortgage, and Utility (STRMU) Assistance: A time-limited, housing subsidy assistance designed to prevent homelessness and increase housing stability. Grantees may provide assistance for up to 21 weeks in any 52-week period. The amount of assistance varies per client depending on funds available, tenant
Stewardship Units: Units developed with HOPWA, where HOPWA funds were used for acquisition, new construction and rehabilitation that no longer receive operating subsidies from HOPWA. Report information for the units is subject to the three-year use agreement if rehabilitation is non-substantial and to the ten-year use
Tenant-Based Rental Assistance (TBRA): TBRA is a rental subsidy program similar to the Housing Choice Voucher program that grantees can provide to help low-income households access affordable housing. The TBRA voucher is not tied to a specific unit, so tenants may move to a different unit without losing their assistance, subject to individual program rules. The subsidy amount is determined in part based on household income and rental costs
Transgender: Transgender is defined as a person who identifies with, or presents as, a gender that is different from his/her gender assigned at birth
VAWA Internal Emergency Transfers: Per 24 CFR 5.2005e, an emergency transfer under the VAWA protections refers to an emergency relocation of a tenant to another unit where the tenant would not be categorized as a new applicant; that is, the tenant may reside in the new unit without having to undergo an application process.

Narrative Questions	Response - Maximum 4,000 characters for each question.	Character Count
<p>Provide a maximum of 4,000 characters narrative summarizing major achievements and highlights that were proposed and completed during the program year. Include a brief description of the grant organization, area of service, the name(s) of the program contact(s), and an overview of the range/type of housing activities provided. This overview may be used for public information, including posting on HUD's website.</p>	<p>The County of San Diego (County) administers the HOPWA Program as the Alternate Grantee for the City of San Diego. The entire San Diego region is served by the HOPWA Program. The context for all strategic and operational planning is provided by the County's vision of "A just, sustainable, and resilient future for all". Strategic initiatives focus on the County's priorities to advance the County's vision. Current strategic initiatives are Sustainability, Equity, Empower, Community, and Justice. The County's strategic goal pertaining to the HOPWA Program is to provide housing and supports services for those living with HIV/AIDS.</p> <p>The San Diego region received over \$5.6 million in HOPWA funding in FY 22-23. The County delivers HOPWA Program services through contracted services providers. A variety of services such as Tenant Based Rental Assistance, Permanent Housing, Short-Term and Transitional Housing, Supportive Services and Short Term Rent, Mortgage, and Utility Assistance are provided to eligible program participants.</p>	1040
<p>Assess your program's success in enabling HOPWA beneficiaries to establish and/or better maintain a stable living environment in housing that is safe, decent, and sanitary, and improve access to care. Compare current year results to baseline results for clients. Describe how program activities/projects contributed to meeting stated goals. If program did not achieve expected targets, please describe how your program plans to address challenges in program implementation and the steps currently being taken to achieve goals in next operating year. If your program exceeded program targets, please describe strategies the program utilized and how those contributed to program successes.</p>	<p>The County performed well overall in establishing and maintaining a stable environment in housing that is safe, decent, and sanitary, and improved access to care. Areas of high performance include: Transitional /Short Term Housing with 201 households assisted over the goal of 155; 161 households were provided with Permanent Housing which was significantly higher than the goal of 65; 124 persons were assisted with Emergency Housing which was slightly higher than the goal of 120 persons; 892 persons were provided with Supportive Services which was substantially higher than the goal of 560. Successful strategies included collaborating and coordinating HOPWA services with groups such as the HIV Planning Group as well as the County HIV Housing Committee, in which subject matter experts provide valuable expertise and insight into effective service delivery.</p> <p>Two programs performed below target goal areas: Short Term Rental, Mortgage and Utility Assistance (STRMU) and the Tenant Based Rental Assistance (TBRA) Program. The County has been working closely with the STRMU provider to redesign and right size the program to align with current client needs. The TBRA program continues to be an area of focused commitment by the County and it is anticipated that with the increased internal efforts, more households will be served in the upcoming year.</p>	1360
<p>Describe significant accomplishments or challenges in achieving the number of housing units supported and the number households assisted with HOPWA funds during this operating year compared to plans for this assistance, as approved in the Consolidated Plan/Action Plan. Describe how HOPWA funds were distributed during your operating year among different categories of housing and geographic areas to address needs throughout the grant service area, consistent with approved plans.</p>	<p>The County continued to perform well in achieving the number of housing units supported and overall number of households assisted with HOPWA funds during this previous year. Overall, four of the six goals outlined in the Consolidated Plan/Action Plan were met or exceeded and two goals were not met.</p> <p>HOPWA funding was distributed through a competitive Request for Proposals process. Providers selected during the competitive process submitted proposals to administer programs for the different HOPWA eligible uses categories. A committee selected the providers with the best value to the County. Conformance with the Consolidated Plan goal of providing housing and support services for those living with HIV/AIDS is required. A regional model that provides services to the entire County region is used to provide HOPWA services.</p>	832
<p>Report on program coordination with other mainstream housing and supportive services resources, including the use of committed leveraging from other public and private sources that helped to address needs for eligible persons identified in the Consolidated Plan/Strategic Plan.</p>	<p>As indicated previously, the County engages with stakeholder groups to collaborate and strategize on more effective ways to deliver services. County staff participate in the HIV Planning Group as well as the HIV Housing Committee. These groups meet regularly to discuss and strategize on providing better service delivery. Additionally, County Public Health staff who administer the Ryan White Program regularly contribute insight and subject matter expertise to County Housing and Community Development Services staff in regards to technical issues related to serving the HIV/AIDS population.</p>	596
<p>Describe any program technical assistance needs and how they would benefit program beneficiaries.</p>	<p>N/A. The County currently has the necessary subject matter experts on staff at the programmatic level and at the clinical level with our Public Health staff.</p>	158
<p>Describe any barriers (including regulatory and non-regulatory) encountered in the administration or implementation of the HOPWA program, how they affected your program's ability to achieve the objectives and outcomes discussed, and, actions taken in response to barriers, and recommendations for program improvement. Provide an explanation for each barrier selected. Describe any trends in the community that may affect the way in which the needs of persons living with HIV/AIDS are being addressed, and provide any other information important to the future provision of services to this population. Identify any evaluations, studies, or other assessments of the HOPWA program that are available to the public.</p>	<p>The County has not experienced any significant barriers in its administration of the HOPWA program. Staff continue to stay engaged and abreast of program information through HUD information channels such as the HUD Exchange, the Cloudburst Group trainings and participating in the HIV Planning Group and HIV Housing Committee. County Public Health staff are available to provide any necessary technical subject matter expertise that may be needed.</p>	449
