

County of San Diego

Climate Action Plan Update

The County is committed to creating a Climate Action Plan (CAP) that serves the community and our mission to protect the public's health and safety, sustain the environment, and improve the quality of life for our residents.

What does the CAP do?

Within five sectors of...

Built Environment & Transportation

Water & Wastewater

Agriculture & Conservation

Energy

Solid Waste

...the CAP reduces greenhouse gas (GHG) emissions by promoting alternative transportation, creating green jobs, improving public health, diverting waste from landfills, conserving open space, and more.
