County of San Diego

Transportation and Climate Change

- Gasoline powered vehicles emit greenhouse gases (GHGs)
- Emissions contribute to climate change and cause:
 - Higher temperatures
 - Extended droughts and water availability
 - Reduced air quality and public health

Project Snapshot – Survey

WE WANT TO HEAR FROM YOU!

How could your transportation options improve?

Community Transportation Needs Assessment – Resident Survey

The County of San Diego is conducting a transportation needs assessment **survey to hear from La Presa residents on your current travel behavior and preference for future transportation enhancements and projects**. This survey is an effort to improve transportation options in La Presa. For more information about the Needs Assessment, visit <https://tinyurl.com/Transportation-LaPresa> or call 619-679-4604.

Please answer the following questions about your personal and household transportation needs. **This survey takes about 20 minutes to complete**, and all personally-identifiable information will be confidential. You are free to skip questions you do not feel comfortable answering.

As a thank you for your participation, residents who complete this survey will be **entering a drawing to win one (1) of 20 Target \$25 gift cards** available to survey respondents at the end of survey.

Thank you for your feedback!

¡QUEREMOS ESCUCHAR DE USTED!

¿Cómo podrían mejorar sus opciones de transporte?

Evaluación de las Necesidades de Transporte en la Comunidad: Encuesta para Residentes

El Condado de San Diego está conduciendo una encuesta de las necesidades de transporte en la comunidad **para aprender sobre los patrones de movilidad actuales de los residentes de La Presa y para escuchar de las preferencias para próximos proyectos y mejoramientos del transporte**. Esta encuesta es un esfuerzo para mejorar las opciones de movilidad en La Presa. Para más información sobre la Evaluación de Necesidades, visite <https://tinyurl.com/Transportation-LaPresa> o llame a 619-323-7987.

Por favor responda las siguientes preguntas sobre sus necesidades de transporte personal. **La encuesta demora aproximadamente 20 minutos para completar** y toda la información personal se mantendrá confidencial. Usted puede omitir preguntas que no se sienta cómodo respondiendo.

Como agradecimiento por su participación, los residentes que completen esta encuesta **participarán en un sorteo al azar para ganar una (1) de las 20 tarjetas de regalo Target de \$ 25** disponibles a los encuestados. Consulte las reglas aplicables al final de la encuesta.

¡Gracias por sus comentarios!

How do you get to work, school, other?

Most people (98%) in San Diego get around by car.

How do you get around to drop kids off a school, get to work, run errands, or visit family and friends?

How would you like to get to work, school, other?

If you had the option, would you travel differently for these activities?

What do we mean by “Clean Mobility”

Innovative Transit Services

Zero-Emissions Vehicles

Share your travel patterns and challenges...

Breakout Group 1

- Travel mode: carpool (2 riders). Outside of SV. Lack of destinations*.
 - Need more food/commercial
 - Most travel is done to destinations outside community
 - Trip chaining
- Missing sidewalks; unsafe biking conditions, high traffic speeds, hilly
- Lack of parking. Residential parking overtaking retail access
- Lack of transit: routes don't go where we want to go, feel unsafe riding
- Rolling access
- Not much biking/walking
- Accessibility with rideshare
- Time limitations related to transit

Share your travel patterns and challenges...

Breakout Group 2

- Notes...

Comparte tus patrones de viaje y desafíos...

Breakout Group 3

- ¿Es fácil llegar a donde necesita ir?
- ¿Cuánto tiempo le toma viajar al trabajo o la escuela?
- ¿Experimenta desafíos usando bicicletas, transporte público u otras opciones de transporte?
- ¿La pandemia de COVID-19 ha afectado sus patrones de transporte y / o modos de viaje?

Breakout Discussion Summary

- Lack of destinations in Spring Valley
- Issues with existing infrastructure for walking/bicycling/rolling
- Limited transit accessibility
- Difficult to “trip chain” without personal vehicle
- Time and inconvenience of transit or carshare

Clean Mobility Options

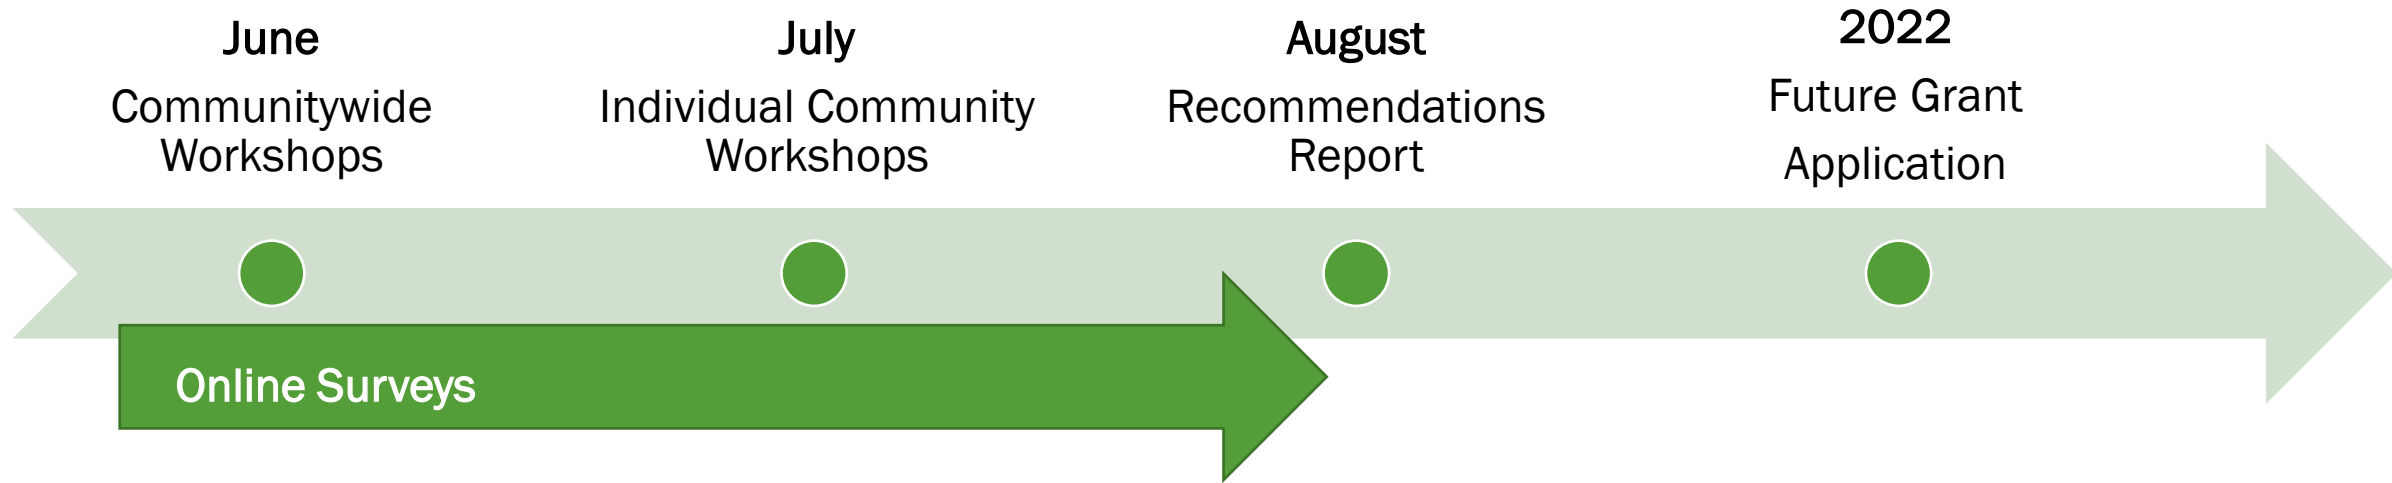

Share your thoughts!

Please share your thoughts on potential clean mobility solutions that could help overcome your transportation and mobility challenges.

- EV charging at apartment/condos or homes with no driveway/garage
- Striping on roads (high visibility) Campo Rd needs better signage and striping for improved pedestrian access
 - Increase crosswalks/sidewalks

Next Steps

The survey will be available through July.
