We Invite You to Learn More About “Organic” Produce!

What does *organic* mean?

Is something “organic” when it is advertised as “*No Sprays — No Pesticides — All Natural*”?

What labels should we look for?

Who regulates what can be called organic?

What does it mean to be certified organic?

At a farmers’ market, are certified items also organic?

Join us for this online workshop to get answers to these questions, and many more!
Presenters are from CA Dept. of Food & Agriculture and County of San Diego AWM.

When: Thursday, April 22, 2021, from 12 Noon to 2 pm.
